ORIS ORIS

Book 15

Soul in the Higher Worlds

What Oris Oris writes about in the books of the cycle «Life between Lives» is the most detailed, ever written by a person, descriptions of the entire sequence of events that the Consciousness of a deceased person undergoes when he returns to his Heavenly Home, which has so many «abodes», that an ordinary person cannot even imagine this. Oris Oris, using his long-term individual experience of astro-traders, describes in detail the realities of the Astral and Mental that he investigated, transforming the Incomprehensible-Unknowable Existence into Knowledge, accessible to the understanding of almost every person and leading him to a gradual realization of the immutable Truth of his infinite Cosmic Existence.

HARMONIOUS REALITIES OF THE MENTAL

PARADISE

«And Jesus said: The sky is not far away; and he has no limits and boundaries; it is not a country to be reached, it is a state of mind. God never created evil; we ourselves create what we own.

Do not look for paradise in heaven; just open the windows of your hearts, and the sky will come like a stream of light and bring boundless joy ...»

(Gospel of Jesus Christ of the Aquarian Age, 33: 8-10)

All our earthly Life is only an accurate and consistent fulfillment of the Law of Seeding and Harvesting: everything that we have done in Life is just sowing, the harvest from which will be the experience of our further existence in this or any other reality. THIS is directly related to our entire posthumous Life, passing through many Worlds of the Subtle Plan, both the grossest and practically indistinguishable from the primitive conditions of earthly existence, and not imaginably different from it in the level of the highest culture and spirituality of the Consciousnesses that make up the Mind of these realities.

In addition to the Worlds of the Astral Plane of the Earth, which we have already described in sufficient detail, there are also realities generalized in some religious confessions under the name “Worlds of Pure and Perfect Spirits”. These are terrestrial civilizations developing in parallel with those that, due to their karmic and evolutionary reasons, as well as incarnated humanity, master the densest dimensions of Space-Time of the Earth, but have reached much higher orders in their Evolution.

They can open to a highly developed humanoid Consciousness, independently and purposefully exploring the Thin Plan, only very gradually, step by step, until this Consciousness itself, rising along the vibrations of its higher psychic centers, independently and harmoniously approaches them. All of them are completely incomprehensible to our primitive three-dimensional understanding, and there are simply no words that could find even weak comparisons to convey what I happened to meet and get to know THERE.

We have already written that any Consciousness that voluntarily made a decision for itself to begin to develop in a humanoid branch, to which the Collective Consciousness of humanity of the Earth belongs, must gradually master various qualitative and energetic degrees of density, which at the levels of 3-5 dimensions of Space we are accustomed to call “Matter”, Taking all kinds of forms of expression, characteristic of each of the many realities of any of the levels they CONSCIOUSLY master. This is necessary in order to

form in oneself absolutely the entire range of twelve Pure Cosmic Qualities, to work out and harmonize them in oneself, in order to continue their further evolution, guided by the extensive experiences gained in each of these realities.

After the physical Death of the embodied personality, each of the chakram Consciousnesses that formed this personality as the so-called “Aspect Souls” gradually self-purifies from the energy qualities that are not characteristic of his individuality, which the embodied personality has accumulated during his stay in the coarsest layers of the Earth’s Matter, and then, obeying the Law of Similarity, is attracted to the spiritual communities that are most harmonious for him, formed according to the principle Harmony and greatest resonance. Conducting an active creative activity in this type of reality, Consciousness gradually assimilates all the experience of existence received on Earth and, improving through self-knowledge, moves to a qualitatively higher level of reality.

In the absence or insufficiently thorough elaboration of some of the twelve Qualities, an uncomfortable state is automatically formed within Consciousness, naturally generating in it an awareness of the need to urgently master the astral-mental material that is absent in it, which could qualitatively compensate and harmonize the resulting destruction.

This creative impulse forces Consciousness to turn again to the Idea of embodied existence as part of a certain COMPLEX earthly personality, whose individual characteristics would coincide with the goals of the development of this Consciousness, in order, thanks to new experience, to gain even greater maturity and new sources of Spiritual strength to overcome increasingly difficult situations and solving more and more difficult problems of the infinite Cosmic Existence.

So human Consciousness, constantly creating more and more human Soul-aspects for each of its manifestations, then “soars” to the higher Planes of its existence, then again “descends” along the qualitative levels of Matter. Moreover, after each of such disincarnations, it rises higher and higher in the circles of its evolutionary spiral, and the higher it ascends, the stronger vibrations of Love and Light it begins to radiate around itself, burning out egoism and ignorance in its Spiritual Fire. And so on until they reach the highest Peak, at which all Consciousness must reunite with the primordial Fire of the Source of the First Creator.

We have already reported that all the realities of our visible and invisible Universe are formed from the active interaction of two incredible Principles or Forces, which, serving one Single Purpose, interpenetrate and interconnect with each other. But at the same time they do not mix in any way and do not lose their own, originally assigned to them, individual qualities. These two main Principles in the limited language of human concepts can be represented as the Power of the Spirit emanating from the Prime Creator Himself, and the Great Wave of Life formed by the Primordial Source as a result of the manifested activity of the first Principle and permeating the entire Space-Time of our Universe. At each of its descent into the coarse Matter of the Physical Plane, Consciousness not only puts itself in conditions forcing it to active self-development, but also exerts a spiritualizing effect on

the quality of the material form itself, embodied by the earthly personality.

Each of these dense forms is a material manifestation of the Great Wave of Life, which, in turn, also continuously self-develops more and more higher forms for its manifestation and self-realization in Matter of this type. The Wave of Life rhythmically and synchronously rolls through the Kingdoms of minerals, plants, animals, as well as the Kingdoms of man and the Individual Cosmic Spirit, continuously creating more and more new and more perfect forms for self-development and self-improvement of the Mind, until, finally, again, carried away by the Power of the Spirit, will not return to the arms of God the First Creator, from where it once originated. These two evolutionary Principles - the Power of the Spirit and the Wave of Life - coexisting and self-creating side by side, are in our Universe the main driving forces of the Evolution of Consciousness of any type.

We mentioned this only to remind you of that grandiose and inconceivably striking difference that separates all of us, fussing about in an endless heap of our own grounded Thought-forms, from the Higher (for our star system) realities, into which the most developed of representatives of earthly humanity and which we naively and wretchedly call «RAI». None of the descriptions of these Higher realities available in religious and esoteric literature reflects even a thousandth part of the Truth concerning this qualitative level of the existence of Consciousness. The primitive description of the Christian “paradise” can be attributed with a great stretch only to the mid-astral levels, and even then only as a rough scheme for describing one of the aspects of the posthumous life of the so-called. «The righteous.»

Thus, the famous Russian saint Tikhon Zadonsky (died in 1783) also left notes about a certain “City of Heaven” (“Heavenly Jerusalem”), acquaintance with which to some extent complement our story about the most beautiful and most indescribably magnificent of all, Worlds around us:

«In Heavenly Jerusalem there is no fear of foreigners, no fear of enemies, no danger from illness, death, hunger, coldness, poverty, enmity, hatred, anger and other evils; complaints are not heard there, crying, sorrow and sighing are gone. about food, drink, clothing, about home and home; there is no storm and bad weather, but always a favorable bucket; there is no morning, evening, night, but always day; there is no autumn and winter, but always a beautiful and good-natured spring and summer; one cannot hear, nothing is seen, nothing is felt there, except perhaps auspicious, cheerful and amiable.

There is a sun without clouds, light without darkness, radiance without haze; there is no old, blind, lame, weakened, ugly, but everything in blooming youth, red kindness and the age of a husband is perfect, in proportion to the age of fulfillment of Christ; there no one will offend, take offense, do not hate, do not hate it, does not get angry, does not annoy, does not get embittered; no one envies anyone, everyone is content with what he has, does not desire, he is comforted by that bliss that does not ascend higher, he is crowned with

that glory and honor that he does not seek.

In that glorious and most blessed citizenship there is the most perfect silence, peace, love between blessed citizens, joy, joy and merriment about each other; because they love each other as they love themselves, they rejoice at each other as if they love themselves: for they see each other in bliss, as they see themselves».

Taking into account some corrections to the historical level of this evidence and the unfamiliarity of some ideas of people of that time for the Consciousness of a modern civilized person, this description, albeit to a very weak, grounded degree, somehow resembles what each time appeared before my spiritual gaze in the time of visiting in the mental body numerous realities of the most amazing and wonderful of all Worlds - the Mental.

About Paradise, the Buddha Himself spoke in a simplified allegorical way: “For many thousands of myriads of systems of Worlds from this (our) world there is a country of Bliss ... This country is surrounded by 7 rows of fences, 7 rows of huge curtains, 7 rows swaying trees ... There are 7 precious lakes in it, in the midst of which crystal waters flow, possessing a «family and one» property, and characteristic qualities (7 principles emanating from God).

Its divine flower takes root in the shadow of every land and blooms for all who get to it. Those born in this blessed land are truly happy - in that cycle, there is no more sorrow or suffering for them ... Myriads of spirits go there to rest and then return to their own regions ...»

Although the true state of human Consciousness after disembodiment in the Mental World has not the slightest resemblance either with “Paradise”, or with “Heaven”, or with “Devachan” of any of the religions, but in the absence of other words in the Russian language capable of to express at least very remotely this indescribable state of CREATIVE BLISS, we are simply forced to adhere to these traditional and familiar concepts for many people, constantly remembering that none of them in any way corresponds to the Truth.

What is meant in Christianity by one general concept of «PARADISE» is not at all unambiguous, homogeneous and monosyllabic, as many believers naively imagine: these are whole full-scale Worlds with their own Laws, planets and even entire planetary systems (Globes), on which entire continents, countries, seas, rivers, oceans, star systems, Galaxies, etc., etc. are located. After all, if you and I in this type of physical reality can be surrounded by the boundless stellar Space of the material Universe, then it is completely incomprehensible why human ideas about the Higher Worlds are so wretched and limited that they diminish them almost to the size of some country or even some utopian “A bright city with golden gates”?

In any of the subtle realities, the surrounding Cosmic Space, with all its inconceivable immensity and infinity, is much more accessible and closer than we have on Earth. “Local Space” has a completely different look and properties than that black “space breakthrough”

with fine twinkling stars, which we are used to observing when looking at our night sky. There is nothing that can be attributed to black or dark color. There, the colors themselves are so vivid that it is difficult to designate them even with flowers - so great is the impression they make of complete self-awareness and individuality.

And this is the Truth: that which has no form, THERE is organized into separate energy-information flows, sparkling and iridescent with evolutionary colors and colors characteristic of their level of development. These endless dynamic flows are so harmonious that after a certain adaptation period you simply stop noticing them, although they are the main basis, essence and meaning of the entire surrounding Space. And you don't notice them, apparently, because very soon you yourself begin to actively engage in this harmonious and rhythmic movement of the Wave of Life, which naturally and unobtrusively draws you into the creative process of the entire community, in which not only human Consciousness, but also many representatives of other branches of development and types of Cosmic Mind.

What we define as a "step" of Paradise is that, actively supervised by the Higher Spiritual Beings, a part of the mental Sphere with strictly defined qualities of Matter, from which any low-frequency quality (evil, grief, suffering, etc.) is naturally excluded, and where a part of human (and other) Souls, who have managed to thoroughly cleanse themselves even during their earthly Life, or after Death, in Purgatory, from all their astral shells, and whose mental bodies correspond to the quality of Matter that constitutes this Stage of the One Reality, actively live ...

In our books we never tire of repeating that in the conditions of the numerous realities of the Earth, each effect is ALWAYS proportional to the cause that gave rise to it. And since the term of the embodied physical existence of human Consciousness on this planet is scanty small in comparison with the disembodied existence, then all harmonious, positive and good Thoughts, words and actions of a person in any of the realities on the planets of the Solar System will be natural causes of all consequences, for working out and working out which will take much more «time», sensory and mental efforts, than the earthly evolution of these causes themselves takes .

The first state of Consciousness (the presence of the Soul in the so-called "Worlds of Retribution") associatively can last from several "minutes" to a number of "years" (once again, recall the relativity and even the absence of the concept of linear Time in other dimensions! there is no possibility to "tie" the concept of fluidity, extension and duration of something in the Subtle and Fiery Worlds to another, familiar to an ordinary person, then we are forced to resort to this limited and nonexistent concept, although, we repeat, all the references we cite for physical reality, time slices do NOT in any way reflect the Truth).

The second phase of posthumous existence is very «long» and is directly proportional to the evolutionary level, spiritual status of the Soul, its spiritual Power, as well as the quality of the emotional state of a person during his Death. The state of complete bliss lasts in proportion to the Karma accumulated by the manifested harmonious energies, after which the Soul-aspect realizes itself again in a new cycle of incarnations, manifesting many of its personal Consciousnesses at once and simultaneously (!) In several types of

reality. That is, on all overtones (vibration levels or steps) the so-called. “Paradise” The Soul is equally subject to qualitative changes identical in their evolutionary essence: birth, flourishing, becoming, maturation, decay, old age and Death. After more or less complete passage of this cycle, the Consciousness of the Soul-aspect again plunges into a specific meditative-adaptive state, which precedes its new manifestation either on Earth, or in any of hundreds of other realities of this star system. Moreover, the form of incarnation is chosen in accordance with the existing individual balance of the twelve cosmic qualities (or Rays) being worked through.

But the highest levels of Paradise, after a more or less prolonged unconscious incubation period (or “period of spiritual maturation”), can only be appropriately purified, “blissful,” “holy EGO,” innocent and pure, like a newborn baby. That is, before entering this Inner Sphere of the Fiery World, Consciousness goes through a powerful and many-sided energy-informational filtration, the essence of which boils down to the most thorough qualitative study of ABSOLUTELY ALL types of energy that ever had the opportunity for emotional or mental manifestation throughout earthly life person.

The very fact of the active stay of the Consciousness of the deceased in these Higher Spheres indicates the powerful predominance of the principles of positivism (“good”) over the manifestations of negativism (“evil”) in his former earthly personality. And while the “negative” Karma accumulated by him temporarily recedes in order to follow the Soul-aspect in its next incarnations, the deceased brings with him to Paradise only the Karma of his kindest deeds, words and Thoughts.

“Good” and “bad” are very relative concepts for earthlings, rigidly squeezed and deliberately limited by the conditions of extreme representations of the duality of the physical Plane. Therefore, only the Law of Retribution is the only Law that, under the conditions of realities of a given level and type, never makes mistakes, since by providing the embodied Consciousnesses to receive extensive experience on Earth, it completely contributes only to their evolutionary growth.

The Law of Karma is a real reflection not only of our earthly life, but also of the entire World Life, with all its features and qualities at the most varied levels of dimension, which is NEVER cruel or punishing. Her mercy and help form the main foundation of the Law of Cause and Effect. We, by virtue of our own inherent egoism and ignorance, are accustomed to complaining about our Life, which, in the form of «undeserved blows of Fate», always suddenly and unexpectedly bursts into us with its peremptory cruelty and ruthlessness.

We forget (or do not know at all) that not a single “blow of Fate” ever falls on us accidentally or undeservedly, bringing with it cruel suffering. Everyone who is dying now from hunger and terrible diseases suffers so only because once he was already one of the components of the cause that led to hunger and diseases of hundreds and thousands of people. But he does not remember this and therefore considers himself unhappy, offended and oppressed by the “unjust” Life.

Fate is a pliable and plastic clay in your own hands, which, with a highly conscious and

correct relationship with it, turns you not into a passive victim of a “fateful coincidence”, but into a sculptor-creator, originally gifted by God with the ability to create as oneself, and their Worlds. Every Consciousness has a Divine origin and all the characteristics of the Supreme Being are inherent in it, just as a drop has all the qualities of the primordial Ocean that surrounds the Earth.

Thought is the beginning of all things. EVERYTHING was created by Divine Thought. Each of us, like God the Creator, is a god at his own level of existence, which his COMPLEX Consciousness has reached, and is able to create with his Will and Thought not only the circumstances of his own Life, but also change his own reality at his own discretion. Our Higher Self is That which gives each person the opportunity to become the Son of God at some time. The Primordial Creator is One in Himself and we, his children, as a natural part of Him, are originally endowed with all the innumerable levels of His Consciousness.

The higher and more evolutionary Consciousness, the higher and wider its spiritual capabilities, and the more powerful and active its creative potential, based on the possibilities of free access to high levels of the Eternal Treasury of Divine Wisdom. Since any Thought feeding the Mind of a person with its Energy always manifests itself in some form, then at high levels of development of Consciousness, almost complete control of not only one’s own, but even someone else’s Fate becomes possible. By creatively changing our Destiny, we thereby actively influence the Destinies of the people around us, and the Destiny of our people, and the development of humanity as a whole.

Therefore, boldly transform all your bright and harmonious dreams into tangible exquisite forms and harmonious creations of Beauty, using your sublime fantasies as a true artist, and not as a primitive partner. If you are thoroughly mired in negativism, ignorance and self-interest, if you are indecisive and short-sighted in your high aspirations, then you are not worthy of the title of Co-Creator and then Fate (Fate) takes full control of you. There are no empty places in the Space. REMEMBER that any of the restrictions that annoy you were created not by someone, but only by yourself, and only you yourself can rid yourself of it, changing for the better not only the quality of your Thoughts, but also the quality of your whole Life.

The fate of a person depends not only on the many thousands of years of labor of his Soul, but also on the quality of the experience that he comprehends in this incarnation. That is why it is so dangerous and criminal to spew storms of our irrepressible passions, insatiable desires and bitterness of tears into the world around us. Whenever what comes to us is what is commonly called «the blow of Fate», «misfortune» or «Death», we should not inflame all our lower feelings and emotions in ourselves, but, on the contrary, try to clearly and brightly kindle the Fire of Eternal Love in our Heart and remember that that «glaring injustice», to the manifestation of which you have just approached in your personal Life, is just a manifestation of the results of the planned creativity of your own Soul.

In the same way, there is not a single senseless or unjustified Death, and the victims of

all so-called «accidents» are always more than rewarded for the forced disembodiment in their posthumous existence, since they fall under the Law of Sacrifice. You should know and remember that a person dies «in his prime» mainly in three cases:

- or when his Soul, across the entire qualitative set of its chakram personalities, has already outgrown the highest possibilities of its own creativity, which were laid down in its physical body before incarnation (which often happens when a person has already completed the task of its incarnation);
- or when a person, following the desires and aspirations of his low-chakra personalities, has already overfilled himself beyond the permissible limit with ingrained passions and vices: hatred, aggressiveness, envy, greed, jealousy, denial and egoism so much that his further existence would greatly harm him yourself;
- or when his Death is needed in order to teach the survivors one or another visual Lesson of Wisdom, Love, Loyalty and Devotion to High Ideals.

Not a single living being, no matter what hierarchical cosmic level it occupies, can fall out of the action of the Universal Law of Karma, which does not lose its strength and relevance also at higher levels of the dimensionality of Space. The entire code of our moral laws, in its highly ideological basis, is also subject not to some kind of conditional justice, but to the Law of Expediency, according to which all the Stars, including our Sun, move.

A multi-millennial layer of sanctimonious hypocrisy and ignorant distrust, tightly covering the Hearts of millions of people from the dynamic and revitalizing Stream of high-vibrational Thoughts, does not allow the energies of more powerful and perfect Cosmic Entities, possessing Knowledge and Wisdom, to freely penetrate the mental bodies of this darkened earthly part of the Collective Consciousness help them evolve more efficiently.

What we used to attribute to “miracles”, “fateful encounters” or “miraculous salvation” is in fact the embodied result of our own creativity and work of the Soul in its long reincarnation series. Miracles, as such, in their primitive human interpretation, do not exist! There is only the possibility and degree of accessibility of the embodied human Consciousness to certain levels of Knowledge. For each person, depending on the level of his evolutionary development, his own measure of access to the Single Spiritual Treasury is laid.

It is a pity that the majority of people, despite the obvious immediacy and short-term nature of earthly Life, nevertheless continue to vegetate in material emptiness and ignorance, completely immersed in the little things of life and the lies of prejudices, every second losing opportunities for heart creativity, which is most fully manifested in love and noble communication with people. They forget that only Consciousnesses that bring people the Joy of triumphant Love, bless their every day with the radiance of their Heart, have undergone immense suffering and, thanks to them, have reliably enriched themselves with invaluable

experience, are worthy to enter the spiritual Sphere of new Forces and Knowledge, about which we tell in our books.

Relying entirely in your Life only on someone's omnipotent help and omnipotent connections, constantly looking for solutions to the pressing issues of your own Life in the advice of the mighty of this World, you will not be able to jump out of the narrow rut of prejudices you have developed that make you constantly balance between your own gravitation to the spiritual Spheres and an irrepressible desire for earthly well-being. How much of our spiritual strength and Energy is spent daily on fear and doubts, on resentments and tears, instead of radiating pure rays of Light, Love and Harmony towards each next moment and each new day.

Spiritual Greatness arises in complete tranquility and self-control manifested by a person in any life situations. If you constantly bless all the circumstances that the nascent day brings to us, without being attached to either negativity or a decadent mood, then you can achieve a lot in Life. If you still have not learned to «OVERCOME LOVE» and «OVERCOME WITH THE LIGHT» any obstacles encountered on your life path, if you do not evaluate each of the obstacles as just another step of your own path of ascent to the Spirit and continue to blame all kinds of imaginary ones for your failures the intrigues of the «forces of darkness» and the envy of evil people, then consider that your Life has been lived by you in vain until now.

Constantly improving yourself, thereby you solve not only the task of your incarnation, successfully untie your karmic knots with the help of Love and Light, but also help many people improve their own Life, although most often you do not see or even realize how important it is that you yourselves were able to give the past day. In order for each of you to be able to harmoniously vibrate as an active part of Creation, it is necessary that you not only in very rare moments feel yourself as a harmonious part of the whole Creation, but also that in your Consciousness the Knowledge and experience that all YOUR co-creation is deeply and naturally with God can be realized only when you are constantly aware of yourself in natural UNITY with Him.

That is why all those who are not mired in the swamp of the coarsest energies and have found the strength to timely, thoroughly and comprehensively work out all their instinctive, animal passions, after a specific state of the preparatory period of their Consciousness stay in the “akasha sleep”, they are necessarily actively manifested in various qualitative energy-informational levels of the realities of Paradise.

Later, the newly manifested personal Consciousnesses of these Soul-aspects will still have to “pay” on all accounts-debts of the accumulated “negative” Karma, but for now, each of the deceased should be rewarded in strict accordance with the Law of Retribution: to receive harmonious consequences of all without exception positive reasons, ever generated by him during his Life on Earth. Not a single altruistic Thought, not a single good, unselfish desire or compassionate deed can be “forgotten”, since all inner experiences of a person are duplicated with absolute accuracy and fixed on the Permanent Atoms of His Soul.

In the harmonious realities of this particular energy-information spectrum, the deceased

collects the fruits of all his worthy earthly experiences. No pain, no grief, not even the slightest shadow of sorrow can darken the bright horizon of that pure Love and cloudless Joy, that spiritual Harmony in which the Consciousnesses that are located here dwell .

Of course, this disembodied period of the individual development of Consciousness is - we repeat again and again - not some serene and empty «pastime» familiar to our earthly way of thinking, but a creatively active STATE OF CONSCIOUSNESS (!), A state of, so to speak, «intense positive EGOism ”, during which a person’s Consciousness reaps a reward for all his positive qualities manifested by him in his lifetime on Earth: Love, Kindness, Compassion, Selflessness and lofty spiritual aspiration. This is a state when the Consciousness of the deceased is completely and completely absorbed by the vibrations of total creative bliss, fixed in it by the sum of all his personal earthly positive attachments, addictions and Thoughts.

Let me remind you that all the earthly connections of people, their mutual endless love or merciless hatred - all this is the fruit of more than one given Life. And your body, your appearance, and all your environment, your likes and dislikes, are only the consequences and results of the personal activity of your Soul, manifested by it in many past centuries and millennia.

Men and women, closely connected in their current incarnations, were together in their past Lives. The connection between them will continue in various interpretations throughout their spiritual Evolution. It is these past connections that explain their current position and the specifics of their relationship.

Feelings such as love and hate cannot die immediately or even within two or three incarnations, because they are not limited by the framework of physical Time and Space. But incompatibility, enmity and mutual hatred between a man and a woman are just a temporary waste, so to speak, an edifying experience that the Soul needs to achieve harmony and overcome fear, which is directly opposite to love.

Only by learning the art of conscious unity with all people in Beauty and Harmony, disinterested merging with EVERYTHING in Love and Light, can one penetrate into those highest spiritual Planes where more perfect Beings dwell. Only then the Space of one’s own Heart opens and a new, Divine Love grows in it. Only then will you begin to understand that the entire Universe is interconnected, that all Consciousness breathes, lives and eternally moves in God only with this life-giving Love.

There is not and cannot be a path of spiritual perfection, compiled personally only for one human Essence, singled out from hundreds of millions of Lives around it. The higher and further we go in our spiritual Evolution, the clearer we see and understand the Truth that there is no limit in perfection. It does not matter what level of development and what spiritual height you reach today, it is important that you always and in everything move only forward, harmoniously moving in the mainstream of that eternal movement, which we call «Life». It is impossible to achieve this without Love.

If today you have not been able to decorate the day for anyone with your disinterested

kindness, then consider that your day was wasted in vain, because you could not enter that eternal stream of Love, in which the entire Universe, God, was today. By not doing good, you thereby voluntarily isolate yourself from people and deprive yourself of the unique opportunity to rise one step higher along the path of self-improvement. There is only one path to God, and this path goes not through some mysterious “camel’s ear”, but through Love for man.

It follows from the above that, naturally, there can be no question of any conscious bliss or active creativity in Paradise for intellectually underdeveloped and low-spiritual people with an underdeveloped mental body, since they DO NOT STILL have the degree of mentality necessary for at least partial awareness of the evolutionary necessity of this mental state.

Such “young” Consciousnesses for a short time get here only on the eve of their new incarnation, and then, for the most part, are in these vibrations in an unconscious state, in order to thus acquire at least the basic constituent elements of their future conductors-shells, evolutionarily necessary for them to consciously-creative manifestations in certain types of reality.

“Young” Souls after physical Death relatively “quickly” reincarnate in various levels of the Subtle World, staying for relatively short emotional periods in different types of realities of the Astral Sphere of the Earth, which, at their grossly limited level of understanding, may well be perceived by them for what many people understand under the word «paradise». In such cases, the Soul-aspect, on its own Plan, as a result of its first, «trial» incarnations on the Physical Plane of the Earth, can assimilate little from its short life experience. Therefore, after the complete liberation of Consciousness from the physical, etheric and gross astral conductors, its Main Life Principle (the so-called “Existing Souls” together with three Permanent Atoms) is quickly removed from the primitive mental form and the Soul-analogue immediately sends to its Soul-aspect an energy-informational impulse calling for a new incarnation in identical types of reality to continue the process of developing an astral-mental experience of Existence.

If the earthly Life of a person was sufficiently full and rich, but still could not reach the stage when the aggregate «I» of her incarnating Consciousness learned to consciously cooperate with her Higher «I», then there are periods of personal «nirvana», the duration of which depends on the interest of Consciousness to continue its development in this form of Life, as well as from the natural ability of a person to consciously comprehend his individual experience.

The so-called. Of “mature” and “old” Souls, when the Higher “I” largely dominates the lower instincts and completely controls the mental Life of the physical personality, interests move to higher levels and then the main goal of a person after his physical Death becomes the achievement of a state that is traditionally is understood by the word «nirvana». This usually happens with those who are either on the probationary Path, or already on the Path of 2-3 Initiations.

Since the conscious perception of one’s COMPREHENSIVE personality on Earth is only a fleeting dream, or rather, an illusion imposed on the Consciousness, then the identical

feeling of personal self-awareness in Paradise will be like a dream. Only THERE will this sensation intensify so much that the Soul, in its feeling of total happiness, peace of mind and creative joy, will no longer be able to adequately respond to any external negative impulses (misfortune, suffering, sorrow, etc.), which, perhaps, exposed to those whom the deceased loved very much on Earth. And she could not have done it simply due to the TOTAL absence of vibrations of negative quality in the energies of the realities of the Inner Sphere we are considering.

In his own, INDIVIDUAL Paradise, the deceased, through corresponding alternate identifications with the Consciousnesses of each of his astral Prototypes, AS WELL continue to actively live with all those whom he loved very much; it doesn't matter whether they returned to the Subtle World before him, or their materialized Thought-forms still remain on Earth. He not only sees and fully feels their completely real, living and self-conscious images (Prototypes) next to him - happy, joyful, innocent and completely devoid of any negativity - but also actively communicates, interacts with them at high emotional levels. - mental levels, individually inherent for each of the realities of the Sphere, conventionally designated by us as "Paradise".

There is a huge qualitative variety of mental states of the Aspect Soul, which creatively and actively resides in these high-frequency realities. There are as many varieties of inner Harmony as there are not even shades of perception and the ability to appreciate such spiritual reward on Earth. The whole point is that all this is an ACTUALLY IMAGINATED Paradise, in each specific case generated by the very Consciousness of the deceased and the entire environment of which, mentally and sensually, is also created by him - Paradise, full of all kinds of pleasant events and magnificent objects, populated and filled wonderful people whom the Soul of the deceased would most like to meet in such an atmosphere of complete Happiness and Bliss.

As many people exist, there are as many embodied types of posthumous states of this kind. It is this inexhaustible variety that draws the Soul of the deceased into a rapid flow, which will lead it to a new birth in a lower or higher state of Consciousness in any of the following numerous realities of the Worlds of Causes and Effects.

The concept of «spirituality», just like any other concept in our imperfect world, is very relative in its broad understanding and has a huge number of degrees, strongly contrasting with our gross «material state». It is the presence of numerous differences in the understanding of spirituality that form and determine that great «variety» of states of ALREADY disembodied Consciousness, consciously staying after the so-called. "Death" at various high-vibration levels of the Subtle World. A carpenter, businessman, politician or housewife here, each in his own individual Paradise, is no less happy than the former king or president of the country, if only during their Life they were able to achieve an appropriate spiritual level of understanding and development that allows them to actively stay in energy-information conditions of these realities.

The pleasures experienced by a horse breeder who spends all his time next to his pets, many of whom may have died long ago, will be no less strong than the ecstasy experienced

About the author

During his creative life Oris has written about 100 books on spiritual-philosophical and esoteric topics, as well as on the mental and spiritual relationship between the human energy-structure and the energy-structure of the universe.

A large part of Oris's life is devoted to spiritual creativity through writing books on cosmological subjects. In them the author uncovers such matters, which no one has ever touched so deeply and in such detail before. As early as 1996 Oris managed to find his Spiritual Mission, which he is tirelessly pursuing to the present day.

Oris was born on 25 January 1954 in small Ukrainian village of Maryinka in the Donetsk region in the family of a miner and a nurse.

From an early age (at the age of three) Oris developed an intuitive gift for writing poetry. Oris read out his first poem «Zhen-shen» at the age of 3 to his mother, who wrote it down, because he couldn't write yet.

He also possessed medial abilities from an early age: he could spontaneously «see» dynamic pictures of events and episodes from other people's personal lives, the authenticity of which was often later proven.

As a preschooler, Oris would periodically warn the children of impending contingencies when they were up to some mischief, and at school he knew who would be called to the blackboard and warned his classmates about it. He also knew in advance which boys and girls would be sympathetic to one another and which not.

Oris's first poems, from the age of 6, were published in the Maryinsky district

newspaper. In addition, Oris was good at drawing: 14 portraits of Ukrainian and Russian writers, which he painted in the 3rd grade, decorated the walls of the school corridor.

In 1971, Oris graduated from the 10th grade, worked as an instructor of physical education in Maryinsky Raypotrebsoyuz, and in 1973 he entered the Faculty of Agronomy of the Crimean Agricultural Institute, graduating in 1978. After 4 years of professional activity on the South Coast of Crimea (Yalta), he became the director of sports and recreation base (village of Ponizovka), belonging to two Moscow research and production associations - «Measuring Equipment» and «Energy», serving the space industry. He resigned in 1990 to pursue his literary career.

As a teenager, Oris became very interested in martial arts: karate (Kyokushinkai), kung fu (dim mak - «the art of the poisonous hand», Wing Chun, Zui Quan), judo, sambo and others. Later, in 1975 he achieved a black belt in martial arts and in 1979 in Yalta at the Ministry of Internal Affairs he opened a martial arts section and hand-to-hand fighting.

From this period (1975), while still a student at the Institute, he worked for 15 years on writing several books series about martial arts. Three volume textbook on karate and Dim-Mak Art titled «Karate Way - from Student to Master» was colourfully designed and published in Moscow in 1992. During these years a separate book «Dim Mak - the art of poisonous hand» was published in Moscow. A second cycle consisting of more than 20 books under the general title «Initiation or the Path of a warrior» was written during this period, but it was not published in the USSR because the author had no higher physical education. For this reason in 1982 Oris entered Simferopol State University, but in the 4th year he left the University for family reasons (due to the birth of his son Yaroslav in 1983) and because of perestroika.

During his work on the book cycle 'Initiation or the Path of a Warrior', Oris (in a state of deep meditation) first inadvertently came into Contact with his Spiritual Teachers, after which he regularly received the information that formed the basis of the most unique book series 'Life between Live's and all the books subsequently written by him.

Then begins a more intense Spiritual Path for Oris, marked by a turning point in his life due to the urgent need arising in his Consciousness to find Himself and his Spiritual role in life.

He went as a hermit to a cave in 1996 from which he had no plans to return. There, in the cave, deep Spiritual revelations came to him, as well as information about his past (parallel) lives. Some of these inner experiences Oris described in poems, which have been published in a separate collection. On the basis of the contacts with his Spiritual Teachers during this period (after 40 days of taking only water), having learned his Purpose in life, he returns home with a renewed Self-consciousness, after which a new Spiritual phase begins in his life: within four years he writes more than 40 books, which are combined into several cycles with the following

titles: «Life Between Lives», «The Art of Dying» and «Extraterrestrial Contacts».

After 2000 he began to write texts to the melodies of Soviet hit songs, in which he expressed the whole quintessence of his spiritual conclusions and thoughts, emphasizing the role of Love, Kindness, Mercy and all Human qualities and feelings, which people so often forget in their everyday life.

Also after 4 consecutive Spiritual Initiations (from 1996 to 2000) Oris gets access to more true and authentic information about the structure of the Universe and the role of human in it, which he reveals in the book series called «lissiidi», «The Great Message», «Immortality is available to everyone» and «lissiidiology Fundamentals». These book series are written as the quality of information that Oris received becomes more and more complex because it comes from deeper and deeper levels of the collective Subconsciousness. These more profound and insightful conceptions form basis of his own Self-Consciousness and he begins to find answers to complex cosmological questions that until then were expected to remain unanswered for people for many decades to come.

A more detailed and complete list of all books written by Oris is set out below. They are presented in chronological order as books were written.

A collection of poems «40 days of Hermitage»

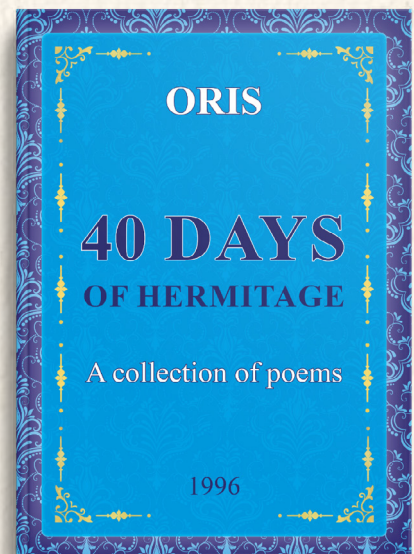

Yalta, 1996

Pages: 47

All poems in this book were written by Oris in 1996 in the Ai-Petri mountains, when he voluntarily took a vow of silence and lived for 40 days in a mountain forest, in a small space dug with a tin can between two rocks supporting each other, completely refusing food and any communication with people.

His inner reason for going to the mountains was the pressing, unyielding need in his Soul to try to cognize the Meaning of his present existence as deeply as possible and, if possible, to try to find the Essence of his own Spiritual Destination by conducting an inner dialog with his «Higher Self» and seeking opportunities to understand himself...

This book also contains an audio recording of these poems, which Oris recorded onto a tape recorder during this act of hermitage.

Thought and Meditation

Yalta, 1997

Pages:

Thoughts, unlike objects, do not belong to you: they come from somewhere else all the time, stay and interact with your Consciousness for a while, and then imperceptibly disappear to somewhere. Your thinking is the process of continuously synthesizing in your reality newer and newer Forms from the already known to you mental and sensual experience. Therefore for you the thinking process represents the «beginning» and the «end» of absolutely all of your desires - from getting some material benefits to achieving «higher» (according to your concepts) spiritual goals.

By mastering the art of mental transformations, you will have an absolutely real means of consciously controlling the material conditions of your earthly existence. By improving in this direction, your mentality can reach the point where it becomes possible to control the powerful factors of the natural elements of Nature, influencing not only the weather, but also such destructive phenomena as tornadoes, tornadoes, earthquakes, tsunamis with the power of your Mind...

Book series «Life between Lives»

Yalta, 1997-1998

What Oris writes about in this book series is the most detailed description ever written by human about the entire sequence of events undergone by the Consciousness of a dead person when he returns to his Heavenly Home, which has so many «abodes» that it is impossible for an ordinary person to even imagine.

Oris, using his many years of individual experience of astral travel, describes in detail the Astral and Mental realities he has explored, transforming the Incomprehensibly-Cognizable Existence into Knowledge that is comprehensible to almost every person, which leads readers to a gradual realization of the immutable Truth of their infinite Cosmic Existence.

Book 1. «Life without death» («The spirit of death»)

Yalta, 1997

 Who are you? How and why did you come to this cruel and alien world? Where will you go and how will you live after your loved ones have said good-buy to you on this earth? And will you really exist after that? These are constant questions. But they have answers. The secret of life and death irresistibly draws man to the realization of what he has long known, but what has remained a mystery and unknown.

If you need answers to these eternal questions, if you can no longer live without understanding them, then this source of knowledge is for you.

Book 2. «Soul and the Cosmos»

Yalta, 1997

 Pages:

 When confronted with the constant choice between Good and Evil, man is lost and does not always think about whom exactly with his every choice and action he serves: God or Satan? To help the reader to choose, the author tells in details about Egregors - astral entities, adapted to living in both as in positive so and in negative poles of Existense, which are mainly determined by the nature of Egregor itself.

 The author helps to understand all the subtleties of this topic, showing using examples the activity of «devil's Egregors», explains to what can lead the spiritual ignorance and thoughtless worship of material symbols, which all lower the human consciousness to the level of sorcerers, magicians and so-called non-humans.

How can we cleanse ourselves from the astral dirt of our own ignorance, which degrades our spiritual Essence and puts us on the same level as wild animals? How can we in Life take care of favorable conditions of our postmortem existence? This and much more is discussed by Oris in his second book «Soul and the Cosmos».

Book 3. «Soul in other Worlds»

Yalta, 1997

Pages:

Always when people speak of «other cosmic thinking civilizations» they usually mean either the intelligent populations of other planets, the so-called «brothers in mind» or something very abstract and vague. But for some reason no one ever thought that these very «thinking civilizations» could be OURSELF, but only OURSELF located at other levels of OUR development, in other conditions of Existence, in the past or future space-time structure, in other circles of OUR human civilization's time field.

All so-called «other worlds» should not be perceived as something alien and unknown. There is no dividing barrier between «this World» and the many «other Worlds». On the contrary, all that exists is one single Divine Being.

You will learn about this and much more from the third book «Soul in other Worlds».

 This book may seem unbelievable and dreamy to the reader, but those who have ears to hear will find confirmation of their thoughts and hopes and proof that we are not the only people in the cosmos.

The time has come to meet those who have been invisibly present around us for millions of years, sending signals of their invisible existence. May each of you perceive this book the way he or she feels! For some, it may be perceived as a fairy tale, and for others, as information for reflection or as a guide. In this way, the main goal of this book will be achieved, because you will know the Truth, and what to do with that Truth is everyone's personal choice.

This book represents the least amount of information about the author's many Contacts with other cosmic civilizations and the information that has been received from Those whom the author calls The Universal Teachers.

Book 5. «The technique of Astro-Travel. Chakrams»

Yalta, 1998

Pages:

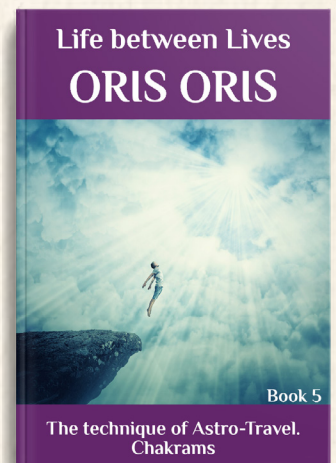

In this book the author continues his exploration of the world around us and tries to unravel one of the most unexplored mysteries of nature – the human. After all, only by knowing ourselves we can come closer to knowing God and His Mysteries.

Who are you and what are you doing on this planet? What is the point of your being here? Where will you go after people say about you, «He's dead...»? And in general, will there be anything left after Death other than the memory of you? All these questions will be answered through the author of this book by his Teacher, who has undertaken the mission to give a thorough introduction to the mankind on Earth to the problem of so called «post-death existence» of a human.

Book 7. «Soul in the Zodiac»

Yalta, 1998

Pages:

In this book the author tells us that the entire world around us is a single system, and the parts of which are in very close relationships and interconnections, and that the entire Universe is subject to unified rhythms and unified cycles. Some of these cycles began at the creation of the Worlds and determine the Evolution of the Universe as a whole. Others determine the course of geological processes that change the face of our planet and, in turn, also affect the development of all mankind, the emergence and collapse of terrestrial civilizations.

The nature of all these influences, both global and individual rhythms, on the objects of the World is determined by the laws of the Zodiac, whose symbolism is much deeper than many novice astrologers think. In addition, in each cycle we can distinguish twelve basic and twelve current phases or micro-cycles, the characteristics of which are also associated with the passage of the Soul along different qualities and with the zodiac symbolism.

This book, as well as all the other books by Oris, is intended for those readers who seriously, deeply and with a sincere desire want to understand on their own everything that relates to the problems of Life and Death, who see in their impending Death not the most terrible and dangerous enemy, but on the contrary, a reliable adviser and a friend.

With Oris's books, Death is transformed from a frightening adversary, from an unfortunate failure or fatal mistake in the Universe into one more, another Transfiguration, to which we have already been subjected more than once.

Book 8. «The art of dying»

This book consists of 5 parts.

Pages:

The author has tried to give the most detailed answers to specific questions through his many years of experience of independent out-of-body explorations of the Ethereal World: how to die correctly? How to learn to accept your death in time? How the transformation of subtle bodies takes place during the post-mortem transition?

This book, describing in the most detailed way the changing state of a person's Consciousness during the process called «dying» and his Soul's presence in various

vibrations of the energies of the Astral, is also a kind of manual of religious therapy and eschatological psychosurgery, carried out through the most detailed texts of “Instructions” read by relatives for the dying ones or an already dead person in order to strengthen and awaken his Consciousness before the Transition to the Other World.

Among other things, this book can safely be classified as one of the most detailed travel guides to the many realms and spheres of the Ethereal World, which we commonly refer to as the «afterlife».

As long as man is alive, he gives little thought to WHAT awaits him, perhaps in the next second: after all, how many beautiful lines broke off in mid-sentence, and how many good deeds were not destined to come true only because people in their busy every-day life keep putting off all the best and the most necessary,

forgetting that in the next moment they may not have that «later» at all. How many lost opportunities for the most simple manifestation of Kindness and Love towards each other have never been realized, and how many unspoken beautiful words have fallen into nothing!

This book is not about Death, but rather about HOW to restructure your whole life now, immediately, so that you can meet every next moment of your earthly existence without disappointment, despair and grief.

What Oris writes about in the book series «Life Between Lives» is the most detailed description, ever written by man, of the entire sequence of events undergone by the Consciousness of a dead person when he returns to his Heavenly Home, which has so many «abodes» that it is impossible for an ordinary person to even imagine.

Oris, using his many years of individual experience as an astrologer, describes in detail the Astral and Mental realities that he has explored, transforming the Incomprehensible-Cognizable Existence into Knowledge that is comprehensible to virtually every person and leads to a gradual realization of the immutable Truth of human's infinite Cosmic Existence.

Never before has the Mystery of the Creation of our World and the tragic role that Lucifer, one of the most highly spiritual First Consciousnesses of the Logos of our Universe, played in the history of the birth and development of mankind on our planet in such detail been revealed to people.

The purpose of this book is to give you the Knowledge which will help you to understand who is the God and what place in Him belongs to the forces which people call «Satan», «devil», etc. What energy-informational niche do they occupy in the Earth's Space and what form do they take (and if they have a form?) in reality?

Fear of Death is the individual's fear of losing himself, the fear of the need for further evolution. Man is most afraid of the unknown, but it is the unknown that makes a man to conquer his fear again and again. Many people are totally unaware of the infinite variety of levels of Consciousness in their own nature and whatever the author of this book may say to them about it, it will still not help them to understand it.

But there is still a small, even a tiny one-thousandth part of humanity which is the reason why all this knowledge about the true picture of Existence after Death is given. For the Transfiguration of this small part of mankind a small group of Star-Born Ones have specially incarnated and agreed to become conductors between the awakening Consciousnesses of the Earth and the Consciousnesses of the spiritual Teachers from Sirius and Pleiades. To each thousandth of the incarnate Earth's humanity Oris addresses in his books.

«Extraterrestrial Contacts»

In today's world there is a lot of information about UFOs, about the meetings of individuals and even whole governments with aliens, as well as materials of telepathic Contacts with representatives of various extraterrestrial civilizations, etc. Unfortunately this information, while passing through different dimensions to us, in our three-dimensional world, is often subject to very strong distortions and is very often misunderstood by us due to the specifics of our three-dimensional way of thinking.

Offered to you materials of Oris's Contacts with the commanders and crew members of the Sirius-A and Sirius-B starships, as well as with other extraterrestrial Consciousnesses and Civilizations, including the Consciousness of Christ, Lord Maitreya, God of the Sun (the Logos of our Solar System), Elohim (the Creators of our Universe), and the four Archangels (Michael, Uriil, Gabriel and Metatron), are unique because they are literally received «first-hand» and contain very valuable information, useful for all humanity, which lives on the eve of the Transfiguration of the Earth.

The Pleadians and Siriusians, who are the true spiritual Teachers of Earth's humanity, are happy to share with us the knowledge without which we earthlings cannot emerge from the endless series of earthly incarnations and join as equals the extraterrestrial civilizations that are part of the «Commonwealth of the Light Ring» on the expanses of Cosmic and Galactic Creativity.

About this and much more you can learn from this book series called «Extraterrestrial Contacts».

Book 1. «Teachers from Pleiades report»

Yalta, 1998

Pages:

Such concepts as «Cosmos», «Higher Intelligence», «UFOs», «aliens», etc. have now firmly established in our Consciousness, and we can no longer imagine ourselves, our planet and our entire existence in isolation from the rest of the universe, from the hope of a promising direct contact with brothers in Mind.

Who are they, our teachers, what do they teach, what do they look like, and what do they want from us? In this book you will find answers to these and many other questions.

In this book, the Pleiadians and Siriusians, who are the true spiritual Teachers of mankind, gladly share their knowledge with us, without which we, the earthlings, would not be able in the very short time that remains before the Transfiguration to come out of the many thousands of years of hibernation and to make the necessary number of timeless passages in the impermeable thickness of the Collective Consciousness, necessary for the so called «shift of the paradigm».

Book 3. «The crew of the Starship Sirius-B reports»

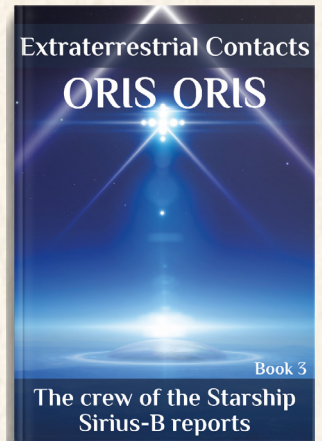

Yalta, 1998

Pages:

The next ten to fifteen years are predicted by extraterrestrials to be very informative and interesting for humanity. We will see how our so-called «unshakable reality» will begin to be rapidly turned upside down before our very eyes. Already the world does not seem as solid and unbreakable as it once did. And very soon we will all be witnesses and direct participants in a worldwide spectacle of Chaos and Confusion. The foundations of all our cultural, religious, philosophical, and scientific Paradigms, which have served us so far invariably as an image of the «real» World, in a matter of years, will crack and begin to crumble before our very eyes.

The reality of the New Age is within us, and main changes that we have to make must affect primarily our inner content, which, by freeing the Divine Light of our Souls from the millennia-old oppression of the Matter, will turn the mustiness and decay of our earthly cities into the unearthly glow of Beauty, which overflows the Cities of Light of the new, transfigured Earth.

Book 4. «The Teachers of the humanity report»

Yalta, 1998

Pages:

Throughout all the history the humanity has been narrowing its perception of the Worlds from multidimensional, which includes all the subtle-material Spheres of the Astral, to three-dimensional, rough-material Level, thus not only limiting itself in the better understanding of the world around, but also completely destroying the possibility of free contact with the Consciousnesses of hundreds of thousands of other space civilizations, who actively create and work in the Cosmos.

Representatives of many of these Intelligent Civilizations have practically never left our planet, while other Higher Entities have been incarnated among people only for several millennia.

They have voluntarily shared and continue to share with us all the burdens of earthly incarnations and the very heavy human Karma, only to help with their Knowledge of the Truth and their personal experience, so that the people of Earth could more rapidly climb the steep steps of the Evolution Stairs.

Book 5. «Extraterrestrials»

Yalta, 1998

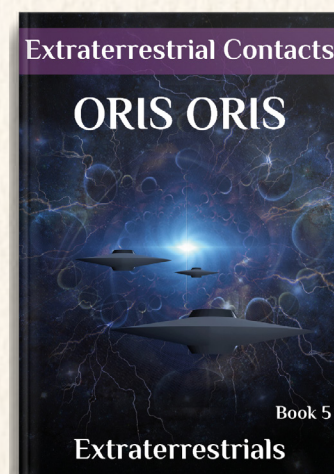

Pages:

They, the extraterrestrials, are working on our planet neither to conquer nor to enslave it, but with one single goal in mind: to slow down our rapid fall into the abyss of self-destruction, trying to bring to our Consciousnesses the moral, spiritual, social and scientific values accepted in the civilized Cosmos.

Those few people who are able to perceive their Word of Truth do everything possible, even impossible, to bring it to the half-asleep Consciousnesses of the rest of mankind.

Many «extraterrestrials» from Pleiades, Sirius, Andromeda and other civilizations of the «Light Ring» have been living among us for thousands of years, voluntarily giving up being in the Worlds of higher dimensions, just so that we, people of Earth, did not remain completely cut off from the Source, from Which all of us have come out, and to illuminate with the Knowledge of Truth the Path of spiritual ascent for Consciousnesses who no longer wish to

abide in the sleep of illusion and the darkness of ignorance. The Books of Oris are an example of this Service.

Book 6. «On the eve of Armageddon»

Yalta, August 1998

Pages:

This book, in its uniqueness and value of the information it contains, is on par with the other Oris's books, continuing the subject of Contacts with Representatives of Worlds of Higher Levels of Existence.

Does The Christ Himself communicate with many people on the eve of the so-called «Last Judgment» transmitting specific recommendations? Has the Mother of God appeared to many to show them the way to salvation through Her Word in these terrible days of the approaching disasters and cataclysms? You just stop for a minute and delve into the rank of Those Who appeal to you – the Christ and the Queen of Heaven!

To ignore this information would be to close one's eyes, on the edge of the precipice, at the risk of being crushed to death. Is that what you want? Then read carefully, absorb and, opening the eyes of your Heart, draw your own conclusions.

CONTENTS:

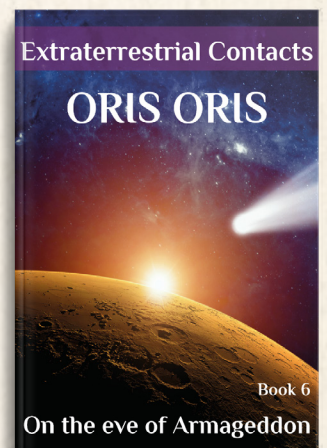

On the Eve of Armageddon

Second Message of Christ, Lord Maitreya

Commandments of Christ

The Word of the Queen of Heaven to the Adam's family

Oris's answers to the questions of the Swiss group of Star-Born

Book 7. «The beginning of Armageddon»

Yalta, September 1998

Pages:

The beginning of the Age of Aquarius. Nostradamus wrote: «I see a reborn and renewed Christ coming. And then there will come a long peace, unity and harmony among the generations of several races».

The process of division of people depending on the quality of their Consciousness has already begun rapidly around the world. It will soon lead to the final separation of mankind not by national, religious or party affiliation, but by the quality of their spiritual vibrations. People had more than enough time to change their lives for the better. But now there is no time even for a reflection.

Very soon there will be the first cataclysm of an unprecedented force, which will not only change the circumference of the Earth, but will also shift its magnetic poles. The Earth's axis, which is already in an unbalanced state, will change

and all this will cause continuous, endless cataclysms. Earthquakes and floods will become a common thing, and long and extensive fires will engulf the entire planet.

Today we are no longer «slipping into the abyss» or «standing on its edge», as economists and politicians reassure us; we are already flying into the abyss with great acceleration, and no one gave us wings to wave and soar upward to avoid death, or rather, God in fact did, but we have all forgotten about them.

Holy Mother of God, save us! - This is what the prayer to the Blessed Virgin asks for. But the same people disbelieve and slander, avoid and remain indifferent when the Living Virgin herself speaks to them and tells them about the ways of their salvation. «Hypocrites», says the Queen of Heaven to them, «get to know what Heaven looks like, and why do you not know the signs of the times? Prepare yourselves, people, as truly the day and hour of the Judgment of this world has already come».

In August Our Lady transmitted the first part of Her «WORD» through Oris, and on January 13 and 19, 1999, through the same channel She transmitted the next two parts and commanded to compose from Her «Word» a supranational «Gospel of Transfiguration», which was published as a separate book «The Gospel of Transfiguration by the Mother of God» (see below).

Yalta, 2000

Pages:

Functionally, the Argllaamuni-center (Muladhara) is closely connected with the psychological abilities of the physical body, which provide survival of the physical body and protection of a person from unfavorable external influences. A big role in the activation of the whole immune system belongs to this lower center. Its normal functioning gives a sense of physical health, well-being, self-confidence and stability.

Imbalance and all kinds of muladhara «breakdowns» in the Aura, lead to the constant outflow of these energies and can cause a feel of insecurity, deep depression, lack of willpower, a sharp decline and energy loss, increased soreness in the lower and middle parts of the body, despondency and melancholy. This is particularly typical for those, who have not yet opened the karmic channels of the heart center or if karmic channels of the heart center are very weakly activated, which in order to switch the person to completely higher, spiritual levels of feeling and thinking. In such cases a person loses the purpose of his Life, as if he loses his roots and, purely intuitively, following the consciousnesses of the organs and body systems, completely surrenders himself to the satisfaction of his own lower desires in order to replenish the energies of the Argllaamuni center.

«Svadhithana chakra (Inglimilissa-lissiidi)»

Yalta, 2000

Pages:

The weaknesses of our sex education have led to the fact that most people, even if they feel a deep sensual attraction, instead of beginning a heartfelt spiritual exploration of each other in the process of intimate interaction and accumulation of sexual energy, instead, close their heart centers and turn the unique opportunity of highly sensual admiration into a trivial sexual act.

Unfortunately, the creators of the lower-astral and dense-material types of Reality benefit greatly from the fact that the prevailing majority of people completely incorrectly and perversely understand the very essence of SEXUAL INTERACTION. Sexual interaction in fact is a spiritual intimate process which, if properly understood, contributes to a stronger contact between a person and his inner Essence and contributes to a more highly-sensual and deeply soulful manifestation of the person.

Love is the real Symbol of the Age of Transfiguration that is coming on Earth! And the mysterious «sacred key» to the Gate of Spiritual Transformation is not somewhere in the cosmic infinity and unfathomable unknown, beyond our psychic capabilities, but in fact is located quite «nearby», or rather, in our own heart center AIGLILLIA, which is filled with the highest vibrations of Love literally towards every manifested aspect of the Life around us, including the strongest of all – the sexual one.

Pages:

Book series «ISSIIDL»

This series of books, from the first to the last pages, includes the most unique in meaning and the most important information, accepted by Oris after the year 2000 during his next direct Contacts with the Creators of Humanity: Algellis (Argllaamuni and Inglmilissa iissiidi centers), lillgmmii-I, (Aigllilliaa and Orlaaktor iissiidi) Lua-Andis (Ulgluu and Ssaassfati iissiidi), Greyli-Vin (Olgoolloni and Aani lissiidi), Slliargsmiii (Raaklima and Uluuguma lissiidi), Sslaaiingsa (Svaagali and Eyyaaa lissiidi) and Ssniillgsa. These Cosmic Entities represent personal Interpretations of Oris at the levels of the collective Subconsciousness, Supraconsciousness, Ultraconsciousness, Superconsciousness, Hyperconsciousness, Proconsciousness and Protoconsciousness. The detailed Knowledge of such a high Buddhist level, for many evolutionary reasons, has never before was accessible to humans or even the spiritual Initiates of the 3-4 Planetary Initiations.

Only because of the spiritual transformations which have intensively begun on Earth and because of the preparation of the collective Consciousness of mankind for the act of Transfiguration this Knowledge is now being transmitted to those of earthmen who are ALREADY spiritually mature for its proper understanding and comprehension and who are eager to use it to continue their further Path of mastering and accumulating the entire experience of incarnated earthly existence as swiftly and as effectively as possible.

In none of the astral or written sources on our planet there is even a mention or a distant analogy of this Teaching, because the degree of admission to it requires from the spiritual seeker an active self-discovery and prolonged experience of conscious existence at the causal-buddhich level, as well as an experience of being outside the physical shell for long time.

Oris deliberately integrated all the Knowledge he received - the «Teaching about chakram personalities» - only onto the highest ajna-vishuddha levels of the collective Consciousness of the planet, because further adaptation of these highly spiritual codes to the generally accessible understanding would lead to a significant decrease in their degree of authenticity. Therefore this information can be productively assimilated only by people with actively developed over diaphragmatic psychic centers. For them and ONLY FOR THEM the Spiritual Teachers from Pleiades transmit this newest spiritual Teaching.

«The Great Message»

In 2006 two volumes of Oris's books were published, reflecting the results of his further Contacts with the Teachers of Humanity, which represent the highest personal Interpretations of his Ultraconsciousness and Superconsciousness, under the general title «The Great Message». Its contents marked the beginning of the creative stage of work with information of a principally new, more qualitative level.

As a result of numerous answers to reader's questions on the materials of these volumes a new series of books «Immortality is accessible to everyone» was published as part of the Issiidiological Knowledge - the newest spiritual-cosmological conceptions about the Universe and the human being.

From 2001 to 2022 Oris has written over 1600 song lyrics to popular tunes of the 20th and 21st centuries. The first 555 songs were combined in two collections called «My Testament». The lyrics of all subsequent songs are published on the Ayfaar Songs website ayfaarpesni.org.

These songs tune to a positive perception of life circumstances, an altruistic way of life and unconditional love for everything, as well as a deep understanding of the fact that everything that happens to a person as a good thing.

Book series «lissiidiology»

From 2009 to the present, Oris has been working on the book series called «lissiidiology».

This series consists of the following books:

- lissiidiology Fundamentals (Volumes 1-6)
- Texts of Ayfaar Songs (Volumes 7-8, previously published under the general title «My Covenant»)
- Dictionary of terms (Volume 9)
- «Immortality is Available to Everyone» (Volumes 10-15),
- «Commentaries to the Fundamentals» (vols. 16-20), which were compiled from the author's written answers to reader's questions
- «Kollokviums on Fundamental Concepts» (volumes 21-22), compiled from the author's oral answers to various lissiidiology questions

This book series is being continually updated with new Oris's answers to reader's questions, which are being subsequently formed into new lissiidiology volumes or added to existing volumes according to their subject.

This series of books reflects the author's latest iissiidiological insights, which deepen, expand and supplement the information published in the previous book series «lissiidi».

LISSIIDIOLGY

Volume 9. Glossary of terms

Moscow, 2010

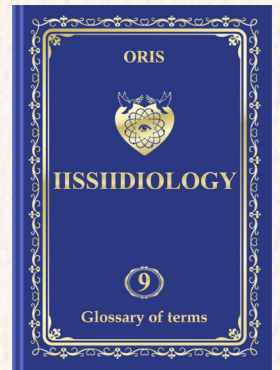

Pages: 725

IISSIIDIOLOGY terminology has its own individual specificity of spelling.

Also, each of the terms includes a much deeper meaning than might seem at first glance, because it is rooted in more qualitative levels of this Knowledge, which, without sufficiently developed extrasensory abilities, is not yet available for access to the current creative dynamics of the Self-Consciousness of an average person.

This publication contains only short vocabulary articles to facilitate the process of understanding the material, at least at the most elementary level. More detailed information on each of the terms can be found in other lissidiology books.

Some terms are very difficult to describe and have absolutely no analogues in the habitual human associative perception, so it is an extremely difficult task for the Author to formulate a dictionary article within the limits of an ordinary person's comprehension.

Volume 10. Immortality is accessible to everyone. «Fundamental Principles of Immortality»

Moscow, 2010

Pages: 521

In this book, Oris continues to give full answers to inmost and fundamental questions of cosmic and human existence: about Earth and universal destinies, the nature of life and death, Soul and God, good and evil, about our relations with one another, the nature of Space-Time and how the entire visible and invisible-to-us reality is formed. The Universal Knowledge given by Oris offers the fundamentals of a new and unique world view for all of us. It allows us to penetrate the mystery of eternal existence to an extent inaccessible before, reasonably and substantially solving the problems therein, offering convincing answers which are not available in any religious world view, philosophical movement or scientific theory. Oris's Information expands the limits of human experience and perception literally to infinity!

«Energy and biological mechanisms of refocusing of Self-Consciousness»

Moscow, 2010

Pages: 691

In the first Chapter of Volume, Oris describes in detail functioning of Formo-Creators of the brain, how the memory is accessed, how biological structures of the brain are associated with energy-informational structures of Self-Consciousness, how various Self-Consciousness Levels are differentiated and reprojected at the moment of so-called «Death». This Chapter also describes functioning of «the intestinal brain», how it becomes possible to cure at a distance (the technique of ethereal projection), gives the meaning of the esoteric term the «Astral Plane» from the point of view of lissidiology.

The second Chapter tells us that biological Forms can exist in different Continuums and explains the interrelationship between our lifespan and quality of active Levels of our Self-Consciousness. It also provides information on the following subjects: it is possible to «live one's Life many times» in higher-quality scenarios, cycles of changing male and female manifestations within the structure of a multi-dimensional human Form, physical principles of organization of higher-frequency levels of the Universal Reality with a detailed description of the nature of boson and fermion fields, and types of particles that are carriers of such interaction.

CONTENTS:

Preface

- SECTION VII. Objective mechanisms of a phenomenal manifestation of the Illusion of «Death» of any «personality» in the dynamics of Formo-systems of the Worlds
- SECTION VII. Duration of existence of «a human personality» as the continuous dynamics of manifestation of different-qualitative NUU-VVU-Forms in Space-Time

Volume 12. Immortality is accessible to everyone. **«The Noo-time dynamics of the Universal Focus of Self-Consciousness»**

Moscow, 2011

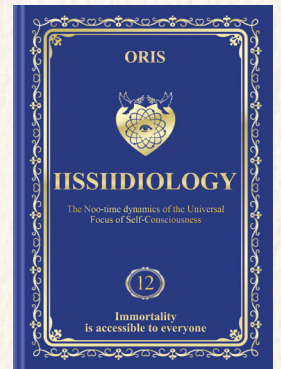

Pages: 733

Volume 12 is devoted to the diversity of the Self-consciousness manifestation forms in the infinite variety of the Form-Systems of the Worlds. Tell me, what do you know about the universal properties of Space and Time? About the illusory nature of our existence? About the Essence of «development» of each «personality»? It's not easy to answer any of these age-old questions.

But Oris, with all possible detail and thoroughly, goes on to answer not only these, but many other equally urgent and vital questions that trouble us and compel every seeker to learn, to give up something, and to gain something...

CONTENTS:

- SECTION IX. Possibilities of extending Life through another Form
- SECTION X. UU-VVU and Stereo-Types of LLUU-VVU-Forms
- SECTION XI. Interrelationships of a «personality», UU-VVU-Forms and their Form-Copies in the Form-Systems of Worlds and OL-LACT-DRUOTMM-Systems

Volume 13. Immortality is accessible to everyone. **«Psychogenetic conditionality of the manifestation of the «human» form»**

Moscow, 2011

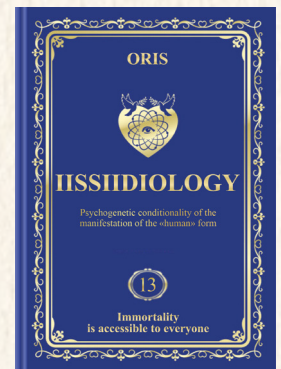

Pages: 700

In the 13th volume of the commentaries, Oris answers the vital questions of mental and physical health, medicine, psychology, psychiatry, genetics, somnology, pharmacology, and reveals the psychogenetic features of the manifestation of the «human» Form.

Our biological Existence is a continuous process - when we feel, think and experience something, we immediately become part of those groups of the Worlds, Realities and Continuums whose synthetic dynamics correspond exactly to the quality of these infinite processes.

Volume 15. Immortality is accessible to everyone. **«The Conscious Path to Human Worlds of «personal» Immortality»**

Moscow, 2012

Pages: 648

«The Conscious Path to the Human Worlds of «personal» Immortality» - this is the name of the new volume from ORIS book cycle «Immortality is accessible to everyone». At first glance, this may seem like an invitation to a philosophical contemplation. But by appealing to his devoted readers, the author hopes for the consideration and perception of this issue in a broader or, if you like, deeper understanding. Philosophical concepts offer to us only sensory-contemplative,

mostly associative images regarding a particular issue. The author, however, presents in this work, as a logical continuation of previous volumes, a detailed consideration of the practical prospects for the development of a personality into a true Human, who explores his own spirituality.

In addition to the mechanisms of working with own Self-Consciousness, which will lead people as Humans to «personal» conscious Immortality, ORIS describes the «Worlds of our Future», the prospects for the manifestation of the coming times. And in order for everyone to develop an understanding of their own Path, a comprehension of the choice of their spiritual development, the author not only describes «bright» prospects, but also specifies in detail the obstacles that each of us may face and, by not noticing or not determining the nature of which, to unconsciously, under the influence of particular reasons, deviate from the development in the Human direction.

With the help of this book, you will be able to determine the qualities that are truly inherent in people, and you can finally figure out how to form in yourself these qualities that are truly Human - with a capital letter. Having experienced what a highly sensual Intellect is, you will then understand why only with the help of highly intellectual Altruism you can find the Path to the cherished Goal of your spiritual future!

CONTENTS:

- SECTION XIX. Obstacles on the path of realization of «individual» Immortality
- SECTION XX. The Specific States of uoldmiism (high-sensual Intellect) and stollmiism (High-Intellectual Altruism) synthesized in the Human (lluuvvumic) development Direction
- SECTION XXI. Specificities of lluuvvumic transformation of human features
- SECTION XXII. Our «future» Worlds. Perspectives of the approaching times

Volume 1. lissidiology Fundamentals.

«Interaction of Information and Energy as the Primary Cause for origination of the Creative Activity of Self-Consciousness Focus and the Macrocosmos in whole»

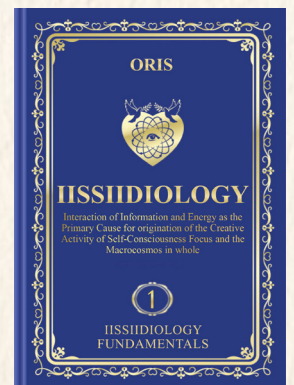

Moscow 2013

Pages: 312

This book presents the beginning of an overall 20-volume information series titled «The Great Message», which consists of «IIS-SIIDIOLOGY. Fundamentals», «Commentaries to Fundamentals» and author's Song lyrics with a highly-spiritual content written to popular and all-loved melodies.

From the very beginning, the author pinpoints the reader's atten-

tion upon fundamental notions of IISSIIDIOLOGY starting from basic, axiomatic Conceptions. The book contains the newest interpretation of formation of the outer reality based on the Self-Consciousness's Focus Dynamics as the main functional mechanism of the Macrocosmos's Creative Activity. A detailed comparison of the author's hypotheses with existing scientific conceptions allows to draw parallels with the current worldviews about nature, space, time, energy and to find the ways for their radical transformation and potential development.

In this volume, the author introduces the conceptual foundation necessary for an adequate understanding of all other IISSIIDIOLOGY books of this series. Hierarchy of Self-Consciousness Levels, dimensional differentiation of manifestation Forms, classification of elementary (and other) particles as structural components of the Universal Plasmic-Differentiation Emission, information theory of the formation of Energy in the Macrocosmos are described in order to form necessary notions that will serve as the basis for further more complex iissiidiological Categories: Universal Cosmic Laws and their Principles, Diapasons of Plasmic Forces, Evolutional and Involutional Branches of development, and many others. The first volume of Fundamentals is the required minimum for any reader who wants to thoroughly study iissiidiological conceptions.

«Cosmic Qualities as the Basis for energy-informational manifestation of all the Form-systems of Macrocosmos»

Moscow, 2013

Pages: 662

Many scientists may consider this volume of «Fundamentals of IISSIIDIOLOGY», as well as all the other books of this twenty-volume series titled «The Great Message», no more than «science fiction» — each of us has the right to believe in what is the most convincing. However, every intelligent person who possesses at least

the rudiments of cognitive intuition can discover in this information those more Qualitative characteristics of the objective truth, thanks to which continuous eglleroliftive Amplification of all Self-Consciousnesses Forms is carried out.

Catastrophism periodically appearing in the process of human self-cognition is always accompanied by the radical breaking of many old Conceptions, which by its radicalism surpasses greatly all theoretical forecasts. Fanatical belief in dogmas and postulates established once, as well as the clear tendency for idolatry — these are obvious characteristics of degradation and regression that converge modern academic science with paganish religion. Yet, the eglleroliftive Amplification process and harmonious evolution both of a separate personality and human population in general is impossible without breaking down old stereotypes and establishing — on the basis of deep cognition of Wisdom of previous and future generations — much more universal conceptions about ourselves and our surrounding reality.

This uneasy, but grandiose on its depth and scale Task of prompt and Qualitative transformation of human community is assigned by the Evolution Itself to the universal knowledge of IISSIIDIOLOGY, absolutely new to people, which is received for the first time and entirely by one person only by means of the intuitive way of cognition. We offer you to find out more about its newest fundamental Conceptions in the second volume.

Besides, the IISSIIDIOLOGY offers to Collective Consciousness of humankind a totally new paradigm that gives new and fresh view of the multitude of clinical phenomena studied by psychotherapists. It gives a theoretical model for understanding the changes in the mentality of a patient and the hope on clarifying mechanisms of effectiveness of psychotherapeutic method.

The third volume of «ISSIIDIOLGY Fundamentals» allows readers to go deeper into yet completely unexplored by us structures that provide functioning of human Self-Consciousness and its interconnections with Self-Consciousnesses Forms focused by it. First two volumes of «ISSIIDIOLGY Fundamentals» thoroughly describe the deep Nature of Causes and Mechanisms of Creative Activity of everything manifested in multidimensional and different-Qualitative Macrocosmos, including also qualitative Basis of Focus Dynamics of Form-Creators of Universal Structures. The third volume in its turn focuses on the detailed description of basic Principles of exiberation of Human and other Self-Consciousnesses Forms in all the diversity of different-dimensional diapasons of the Tertiary Illusion.

To allow the reader to fully comprehend the essence of the notion «Self-Consciousness Form,» the author describes realization functions of these structures at the example of subjective formation — as a result of life creativity of every personality — of so called personalistic Worlds, which goes far beyond existing scientific notions about the surrounding reality and peculiarities of interaction between Forms structuring it, whether it is a human, a planet, or an elementary particle. Furthermore, he describes different-dimensional variety of Forms of Iluuvvumic Direction of development and characteristics of focal realization of Humankind Collective Cosmic Intelligence as a unified the LLUU-VVU-Entity.

This new volume of the series «lissidiology Fundamentals» is a reasonable consequence of consideration of biological mixtum NUU-VVU-Form-Types that was started in the previous volume. For our deeper understanding, it draws our attention even more at iissidiological approach to the matters, which are related discretely by contemporary scientific community to philosophic anthropology in general and to behavior theories of personality in particular.

At more objective, transcendent, gabitual (primordial, objectively deep) discussion, it becomes clear that the given material leads a reader maximally to objectivization of own conceptions about relations among personalized, unconscious, and subconscious levels of Self-Consciousness at the background of developing invizusal (imperceptible by our sensor systems and measuring devices) mechanisms of anatomy and brain neurophysiology, accompanied by dominant dynamics of

the first IISSIID-Centers pair.
