**Teachers from Pleijades
report**

Such concepts as “Cosmos”, “Higher Intelligence”, “UFOs”, “aliens”, etc. are now firmly established in our Consciousness and we can no longer imagine ourselves, our planet and our entire existence in isolation from the rest of the universe, from the hope of promising direct contact with the brothers in Mind. For people like Oris and Anaela, who have devoted their Lives to selfless and selfless service to humanity, direct and regular contact with representatives of the various cosmic civilizations who oversee, protect and prepare us for a higher purpose is a common, real and even daily thing.

There are more and more of them who have voluntarily come to Earth from highly developed civilizations of the Cosmos to provide specific spiritual help to earthlings. They can be distinguished from impostors claiming only ‘teaching’ and so-called ‘spiritual guidance’ by ‘their fruits’, by their modest way of Life and unselfishness. These contacts are a part of their difficult work of transferring to people the Knowledge which is necessary for spiritual preparation of our Consciousnesses for the next very important stage of human Evolution - the quantum transition to a qualitatively new era of the Holy Spirit, the era of Light and Love, largely misunderstood by the ignorant and denigrated by all kinds of screamers.

Who are they, our Teachers, what do they teach, what do they look like and what do they want from us? This book publishes only a small part of Oris’s telepathic contacts with the commanders and crews of two Pleiadian and Siriusian starships, Sirius-A and Sirius-B, and with a representative of a super-civilization drifting through the universe, provisionally called ‘The Wanderer’. The rest of the information formed the basis of the 17-volume Life Between Lives series.

FROM THE AUTHOR

Before the present human race, there had already been civilizations on Earth for at least five and a half million years that were so highly developed that it is difficult for us to even imagine their present level of development. I have evidence that humanity on Earth began at least eighteen million years ago, but 5.5 million years ago a global event occurred which destroyed the Earth's Akashi Chronicles and we can now only judge what happened before that period from the information provided to us by our alien Mind Brothers.

The planet Earth is a stellar seed to which attention of more than twenty five civilizations of Cosmos is constantly riveted with the purpose of periodically fertilizing it and cooperatively creating new forms of Life. After each of such impregnations and further development of new forms, human Consciousnesses leave the Earth for continuing the Evolution in other conditions of the Divine Creation. Each of the newly created on the Earth Life forms has to go through five levels of Consciousness.

You and I, having received the impulse to be born on Earth exactly 200.213 years ago, are now only at the second level. Several highly evolved Cosmic Minds from the Sirius-A, Sirius-B and Pleiades systems, and from our Solar System, the Venusians and Jupiterians, have participated in our emergence on this planet.

Our physical, limited in Time and Space, auditory and visual perceptual abilities do not allow us to understand and notice what in absolute silence is quite near, but only at the level of higher energy vibrations. We humans, due to the specifics of our evolution, unfortunately, can only see what we **CAN** see and hear only what we **CAN** hear.

The instruments with which our scientists explore literally every kilometer of cosmic space are unable to detect the level of intensity at which our Elder Brothers in the Cosmic Mind actively exist and develop. There are literally "beside us" living and self-developing whole civilizations of intelligent beings whose presence, though sometimes indirectly felt by people, they can neither see nor hear nor locate them without special spiritual training. It is only when these sentient beings become visible in our dimension that man can make direct contact with them.

Their psychophysical evolution allows them to be in absolute proximity to us, while remaining completely invisible. And though I never had a chance to meet them on the Physical plane, being in my physical body, but this has not in any way influenced the quality and real perceptibility of my numerous contacts

with many representatives of cosmic civilizations.

On the contrary, I would not like such a contact to take place because the physical Matter is quite incapable of reflecting or conveying all the magnificent harmony of Thoughts and feelings which I experience during a direct contact, being Consciousness on the Contact Ray.

They usually manifest themselves in my field of Time by projecting their astral or spiritual image through a holographic splitting, using for that either a special frequency technique or devices designed for conducting such contacts. The choice of the means is always up to them and depends on the level of evolution of the civilization that contacts me. Yet my spiritual Master never uses anything for establishing contacts with me. He is as if continuously dwelling inside me.

It is enough to listen attentively to my inner voice to activate the mechanism of communication with Him. He is my spiritual Higher Self outside of the Earth's Space-Time, in other spiritual worlds and dimensions.

Most of those who communicate with me on the Ray of Contact can, at their will, almost instantaneously, modify almost to such an extent the molecular and atomic structure of the light substance from which their bodies are made, that it becomes capable of passing through not only solid objects but also things of the astral-mental level. Although they remain totally invisible to us, they are not only able to observe us successfully but also to comprehend our thoughts and feelings and to adjust our actions reasonably if they contradict the universal Laws of the Cosmos.

Any type of Matter is energy encapsulated in a particular form of vibration. By operating with energy in a very wide range of frequencies they can at their discretion at super-light speeds transform any solid objects of organic or inorganic origin from Earth to any part of the universe, transforming them into a dynamic state without losing their original form.

Light is to them as natural a structure as it is to our spiritual Essences; it is the main value of their dimension and the obligatory element which determines all their many possibilities in the various fields of their organic and inorganic science. They are very aware of the special energetic power of the Light which unites and separates the cosmic elements, and in some cases use this knowledge on Earth to prevent thermonuclear wars and dangerous conflicts from arising.

In order to make you understand how great their participation in our Evolution is and with what maternal Love they treat us, people of Earth, I give you a fragment of one of my conversations with an Albellic from Pleiadian, commander of the crew of the Starship Sirius-A (TP-contact of 9.03.1998).

Question: “Brother Albellic, the other day I had a chance to read the book “Nostradamus 1999” by Stephen Polas, in which the author deciphers in an unambiguous form some centurions of the famous 16th century French fortuneteller Michel de Nostradamus. He writes that in August-September 1999 a huge meteorite will allegedly fall on our planet from a passing comet, whose fall will cause a catastrophe on a planetary scale and unprecedented disasters, You do not say anything about this event in your messages. Is it true?”

Response: “Brother Iris, in our previous messages we had already spoken, that in connection with recent artificial conversion of your existence in more condensed flows of Time, all predictions which have connected some events of your Time field with some aspects of time, became simply invalid, because they had been carried out in qualitatively other density on a new time factor. This is first, and applies to all predictions made before 1972.

Secondly, the danger of total physical annihilation has lurked humanity throughout your history many hundreds of times and had we not controlled the situation on Earth, you would have been destroyed tens or even hundreds of thousands of years ago, if not by cosmic factors, then by your own stupidity and irresponsibility. Our protective activity takes place beyond your understanding and your ability to perceive.

By means of special synchronization and programming systems we can keep under our constant control absolutely all internal and external structures of objects created from organic and inorganic Matter, and probe with absolute precision all dynamic manifestations occurring anywhere in the human Collective Consciousness. Due to our timely intervention, events on Earth have not exceeded the permissible norms, though more than once they have come close to the brink of self-destruction. When danger threatened you from the outside, we did everything so that you could avoid it without harming the Cosmos around you.

For example, as you already know, in the summer of 1972, owing only to our (I mean about fifty civilizations of Cosmos) active efforts, one of such critical situations (not of planetary scale but of system-wide scale) was solved, which would have led to the inevitable loss of all humanity, disappearing for thousands of years from the physical plane of Earth as a form of Consciousness. But at that time none of the earthlings even felt such a danger over themselves and you continued to live, love, create and be crazy calmly.

We try not to flaunt our actions, just like a doctor who, in the event of mortal danger, does not begin to explain to a seriously ill person the details and nature of the operation to be performed, but acts quickly and without wasting a second. We do not love and protect you in order to be praised or because we are afraid that you will scold us.

You are a part of us and, if you think about it, that says it all. Specifically to

your question I can answer the following: yes, in fact, there are some objective dynamisms of universal scale in the Galaxy now, the manifestation of which in your Solar Ring might complicate to some extent the realization of Plan of Earth quantum Transformation, but can in no way hamper or even cancel this evolutionary event important for the whole Universe.

We have now taken all measures to ensure that this new-age factor does not interfere with the scenario we have conceived. The material part of this colossal in its size cosmic structure should not be destroyed, because it plays the role of “information store” for the Universes adjacent to ours.

Therefore the essence of our measures, in brief, is that when this homogeneous space formation passes in close proximity to the orbit of your planet, we will dematerialize Space-Time in this point of the Universe’s time field for several days. The similar method is not new and was not once applied to some other Galaxies, where due to various objective reasons the situation was approximately the same.

Dematerialization will affect not only the Physical, but also the next two levels of Planes – Astral and Mental, which is the main difficulty of this operation. But I don’t think you have much reason to be concerned about it. You want to know how this dematerialization will affect you, the people?

Not at all-you won’t even notice or feel anything. The few days required for the comet’s passage through the Earth’s orbit will simply be blotted out from your time calendar for all of humanity at once. Your astronomers will then only have to make the necessary adjustments to their subsequent calculations. To a certain extent, for us it will be something like a dress rehearsal before the Transfiguration of the Earth and humanity.

Question: “And the other forthcoming cataclysms, Brother Albellic, can they not be cancelled by you?”

Answer: “The approaching cataclysms can be roughly compared to a woman’s approaching so-called ‘period’. Is it possible to cancel them just because it causes some suffering and discomfort to a woman? The very powerful negative potential which was created in Earth’s Aura, was accumulated only because of your unreasonable activity and caused powerful sonar events which not only destabilize your further Evolution, but also prevent the dynamic development of other forms of Mind on your planet.

The Transformation of the Earth’s Physical plane and the accompanying energetic purification of your planet’s physical and astral bodies is an integral, though not the most pleasant for you, part of the general scenario of Transformation, the details of which you already know. Having made the quantum transition, we shall preserve all the Consciousnesses which, having awakened from the evolutionary sleep, have accepted or are ready to accept in

themselves all the spiritual values of the Highest Divine Mind, of the Highest Cosmic Brotherhood and do not want to drag on a humiliating semi-animal existence. For them, who have realized in themselves the Light, are our Cities of Light, which have already been created by us and are waiting for their future inhabitants.”

As you can see, my dear readers, we are not alone in the Cosmos and there is someone to stand up for us even before a very strong and powerful, in our understanding, aggressor. No one is allowed to do to us what we do not want to do to ourselves. You and I are also the result of their creative activity, an intermediate result of their painstaking research, their own – animated, self-intelligent and self-reproducing – returnable form of Consciousness. We are part of the Divine Plan and that says it all.

Indeed, we humans are energetically and fundamentally created in their likeness and in their image, but only in a completely different dimension in which They themselves cannot act and **DO** as actively as we have adapted to do. It is true that, with our help, they know themselves in the lower aspects of the Plan. If we move upwards along the spiral of the time-field of our civilization ten-billion years “upwards”, i.e. into our “future” in which the Earth as a planet will not even be on any cosmic map any more, we will see that They are you and me – but they have moved far, far ahead of us in their Evolution. It is not for nothing that Jesus said: “You are gods!”

In this book I have collected only a small part of the material about my contacts with representatives of other civilizations of the Cosmos and instructions transmitted through me to earthlings by those whom I call the Universal Teachers. Thank God, gone are the times when such information was immediately put into the asylum or hidden for a long time in the dungeons of the **KGB**. I have never shared it with anyone, and perhaps due to this, it has now become available to you. Our Teachers know better than we do **WHEN** and **WHAT** can or should be revealed to people from the Eternal Treasury of Knowledge.

The Truth is simple, but such is the way of human thinking that people have to constantly complicate things for themselves, continually invent something with one single purpose: to bypass the Truth by roundabout ways, rather than simply accept it as it is. In one of my contacts I was told that exactly this quality of people – to complicate everything and to interpret it in their own way – together with some other important qualities of the “mysterious and unpredictable human soul”, makes earthmen who have reached a high level of individual Evolution, the very special and unique cosmic beings who can perform in the Space economy very important and impossible for other reasonable beings tasks.

It is in vain that the official Church will unjustly attack my books: it is enough to read them carefully and any reasonable person will see that there is not a single word in what I have written or in what my Teachers have given me that

contradicts the most important Truth proclaimed by Christ: ‘Love thy neighbour! My books preach only Love and does it matter so much through whom or what it enters the human Heart? We all serve only the Truth which is God. God is Love itself.

Two thousand years ago, Jesus Christ commanded people, ‘You are Gods, and you will do better than I did. My Teachers and I seek to justify these words of Christ and to uproot the hardened human Consciousness from the deep captivity of mental citadel of conservatism and dogmatism, switching it to the understanding of its own Heart, to which Russian Orthodoxy has been calling people for a thousand years. Unfortunately, the demonic motto: “Divide and rule! – so firmly penetrated not only into human Consciousness, but also in religious activities, that few people are able to deeply understand and appreciate all the many subtleties and cunning, into which religion has broken the One Truth.

Only a few years separate mankind from what all the religions of the world refer to as the “Last Judgment”. Is it time for us, who stand before the Face of the Universal Judgement, to continue our feeble quarrels, our criminal hustle and endless strife, when every next day may be the last and decisive Day for the salvation of the Souls of billions of people?

Many who are called to plant Love and Repentance in the hearts of people waste precious time and power in harassing the Messengers of the Lord, who call for the same things to which the ignorant Israelites were called by the Lord Himself. Calm down, modern scribes and Pharisees, for judgment will be terrible and bitter for those who willingly or unwillingly serve the powers of darkness.

One of the last epistles I received from the Demiurge of the World, I put it first, not because it is more important than the others, but because the One who will “judge the living and the dead” tells people the detailed scenario of the coming events and asks(!) – just think about the meaning of that word, people: “Asks! – all of you, His people, to turn at last your Souls to God Who is Light and Love, otherwise neither He, nor anybody else, will be able to help everyone who lives now or ever dies on the days of the coming Transfiguration and Ascension of the Righteous into the Cities of Light.

Also representatives of other cosmic civilizations warn us: **“Each person, as a separate Microcosm, must be completely whole with the surrounding Macrocosm and not oppose itself to the Whole, otherwise in the continuous energy process of Giving-Receiving the Balance and the wisely tuned coexistence of Matter with Spirit is broken, And man with God who has to stop His energy support for a while and take more constructive measures so that the prodigal son, having accepted his purification, will respect and honour the Law and be able to come to his Father’s House”.**

As I said, our Earth can be compared to a kind of galactic colony or a place for research, where various, much more advanced other cosmic civilizations “sow” all kinds of their “seeds of Life and Intelligence”, and the Cosmic Gardens,

being constantly around, observe how these seeds develop and behave under those or other conditions, which They periodically change at their discretion.

Our planet has been ‘sown’ with intelligent Life by super-intelligent Cosmic Beings from the constellation of Pleiades, as well as from the dual star system Sirius A and B, who programmed some of their Knowledge into the genetic code – the twelve-chromosome DNA set – of the first, most evolved inhabitants of Earth so that later these representatives of the Earth humanity may assimilate and utilize this Knowledge in their spiritual and intellectual development.

Many other Beings and Supreme Hierarchs who represent the highest Intelligence of the universe took part in the implementation of this Plan. The first assistants were our nearest neighbours in the solar system – the Venusians and the Jupiters. The Earth is one of the few unique places of the Universe where the Creator tests His creations – human Consciousnesses. It provides a wonderful opportunity to learn here so that everyone can be prepared for other, much greater achievements in the next cosmic Existence. We will talk about the methods of learning in detail later, because it is a special thing to talk about.

Spiritually productive existence on the physical plane of the Earth during this crucial period allows the Consciousness to develop all the high-quality energies much faster than before. But along with the awareness of the invisible Worlds of the Astral and Mental, one has to realize also the existence of a vast number of other Worlds inhabited by sentient beings in the Cosmos, evolving in exactly the same way as our Earth. The aspiration towards the spiritual Worlds leads humanity back to the path of perfection which in these remaining years before the Transfiguration will be accelerated by the connection of Consciousness with high-spiritual beings.

These High Spirits are invisibly near us, and Their messengers incarnated in fleshly bodies, the first Heralds of the Holy Spirit Epoch, are already knocking at your Consciousness, trying to awaken it from centuries of dormancy. They have come to the Earth to enrich the cognition of the World and to bring the affirmations of spiritual sources closer to scientific knowledge, thus moving humanity from the dead point. People have to understand that without the unity of our World with the Higher Worlds Life on the Earth turns simply into nonsense.

To my question about where should the Consciousness be directed by those who achieved certain results in the practice of spiritual self-improvement, the Teacher gave a laconic answer: ‘To Jupiter and Venus’. And though, as it has already been said, our Physical and Subtle Worlds are constantly supervised by a great number of cosmic Consciousnesses of various levels of development, this must not embarrass or upset you.

All of these Consciousnesses are extremely interested in our safety, most probably even more than we are, because in order to bring the Consciousnesses of people to the present level of development, the Highest Beings of Cosmos

required several millions of years of constant and painstaking genetic work in total. And who wants to destroy his own child? This is first of all, if we are speaking about the guarantees of our cosmic safety.

And secondly, for those whom we conditionally classify as “dark” or super-intelligent cosmic civilizations from whom we should primarily expect harm, humanity as a whole is the most powerful strategic source of energy supply, because it radiates into the surrounding Cosmos an enormous amount of coarse energy produced by our total ignorance, faithlessness, fear and a passionate irrepressible desire to constantly have something or someone.

This energy is also the basis for the existence of the Consciousnesses of numerous energy-information systems (Egregors) belonging to the so-called “Black Cone of Darkness”, though at our present low-spiritual level of Consciousness any thoughts about “light” or “dark” seem to be at least premature.

We are also “dark” but at a much lower level because our unrestrained urge to enslave and rape other Consciousnesses for their own benefit is incomparable to even the most aggressive cosmic civilization. And the majority of our cosmic Guardians only want to do us good. It is enough just to remember how many different civilizations and cultures have emerged and fallen into oblivion over the next millennia.

Think of the ancient Sumerian civilization and the great Minoan civilization. Until now, no one has been able to find a reasonable explanation for the mysterious statues on Easter Island. And what happened to the Mayan civilization? All these nations and peoples represented new, fresh cultures deliberately brought to the Earth in order to introduce “new fresh blood” to mankind, and thus revive the human race, which, unfortunately, has the unfortunate feature of periodically falling into madness, losing their Mind and losing their connection with Nature.

Many millennia ago a great race appeared in the region of the Interscale. These people, known to us as the Sumerians, also came into existence thanks to the Cosmic Gardens who decided, in order to strengthen the human race, weakened by intermarriage between close relatives, to put into human bodies Consciousnesses from other planets in the Galaxy, also to be studied. From the Sumerians branched off the Semites, who in turn gave rise to the most ancient Jewish tribes.

But just as every new civilization that appears on Earth is eventually absorbed by another culture, the Sumerians, who injected a fresh stream of knowledge into the human race, gradually disappeared and got lost among the many other peoples of the Orient. In the same way, other progressive cultures, such as the Minoans, the Etruscans, the Mayans and the Easter Islanders, were introduced to the various regions of our planet at various times.

And not all of the “twelve tribes of Israel” should be referred to the Eastern nations, but only the one which truly has its roots in the East. The rest of the eleven tribes or cultures were specially “planted” here only to refresh this first

one with new Consciousnesses and to keep it from mingling with less developed earthly tribes and subsequent degeneration.

My own experience of contacts with certain representatives of extraterrestrial and even extragalactic cosmic civilizations gives me the right to say with absolute certainty that all occurrences of so-called ‘UFOs’ in the Space of the Earth have only peaceful intentions and wish to help us in our development. This is true even of those who we classify as “dark”. Simply, their concepts of Evolution are a little bit different from the Principles of the Hierarchy of Light, but this does not mean that their task is to harm humanity.

After all, none of you will saw the branch he sits on and cut down the tree from which he feeds. Simply, any “branch” as well as the “tree” that bears useful fruit needs constant care and supervision so that no incurable disease can infect them and no inner worm can destroy them from within. So do those who have ‘planted’ us here on this earth and made it a temporary home for our immortal Consciousnesses.

Sometimes one reads or hears about aliens abducting earthlings (allegedly the number has already risen to several tens of millions) and harming them. During my sessions of astral and telepathic communication with representatives of other civilizations I have several times inquired about this. The answer was always something like this.

Imagine”, I was told, “that your scientists have to study some animal from the zoo. They take a suitable specimen and begin to study it in their laboratories. Naturally, all these procedures will seem both terrifying and painful to an incomprehensible animal, though painkillers and other psychological aids are always used to allow for all the examinations without the slightest harm to the subject. And when an animal is returned to its habitat, it feels no worse after all these examinations and measurements.

In the same way the gardener studies his plants, without damaging or destroying them, but taking every step to make these living organisms even more perfect and beautiful. The same applies to the study of man by other civilizations of the Cosmos. They always emphasize that, unlike our scientists, they never applied to people inhuman methods of research, deliberately going to inflict pain, harm or injury.

All such stories,” they say, “are merely the product of the imagination of those of us who are very interested in preventing direct contact between Earthlings and aliens. Violence in the Cosmos is highly punishable and hits first of all the one who allows violence against other intelligent Consciousnesses. This is why the law of voluntary choice applies everywhere – mostly. If after you have had a conversation with their representatives you wish to go back home, nobody puts obstacles in your way. But a great many of those who left the Earth did not want to go back at all, voluntarily staying on planets where living conditions do not differ much from earth except that they are much more civilized

and cultural than here.

Fear is a pernicious and insidious feeling that can nullify all previous efforts and developments of your soul. To get rid of it, the best thing is simply to reflect on what it is that scares you so much? If it is about the fear of **UFOs**, think about what is it? How can it affect you and what can it do to you? If you analyze your feelings carefully, you will come to the conclusion that there is nothing to be afraid of.

Your fear will disappear if you will only understand that if you are not afraid of anything, no one in our world or outside it will be able to harm you. And believe me, who has had more than one contact with aliens far beyond this World, that ‘other people’ living in other Worlds and in other dimensions are much kinder and more humane than those who surround you on Earth.

The day is very near when our Teachers and Masters, for the umpteenth time in the history of humanity, will come down again to the planet they themselves once organized, to show people how they should live on: without wars and bloodshed, without false religions and sacrifices, without hatred and slavery. They are still here not to cause us trouble but to help us cope with the spiritual and ecological nightmare that we ourselves have created, in order to gather as much information as possible, which they need in order to help us in the best possible way.

Unfortunately, too many people react to their arrival the way wild animals react to encounters with humans, literally losing their minds out of fear. They know that our young planet is very sick, that it has lost its Mind and they do everything in their power to Raise its Collective Consciousness and prevent the numerous attempts over the last few decades to unleash thermonuclear and neutron warfare, by means of which the sick humanity hopes to solve all its problems.

But it is getting harder and harder even for them to reliably control the violent human Consciousness, and thus a long-term evolutionary “quarantine” must be established which will destroy all hopelessly diseased cells-consciousnesses of the Earth both physically and energetically, while the infected surface areas will be simply wiped out and energetically annihilated.

To sum up, I want to tell you: “Do not be afraid of any **UFOs**. Instead of animal fear and ignorant distrust, open your Mind to the knowledge about them and understand that the very near future will bring us a great number of meetings and contacts with space aliens who will come not to fight with us, but to help us in a very difficult and responsible time for the whole Earth, just as we help other people.

The evolution of the Earth and humanity evolving therein has **ALREADY** come to the point of transition into the fourth dimension of Being. Our planet which has made the final choice to undergo a forced Transformation through a “quantum leap” has not met with a harmonious response to its decision in most Consciousnesses of the Human Race. This leads to the need of physical repul-

sion of those of the Consciousnesses which delay in their spiritual evolution, voluntarily throwing themselves into the astral whirlpool of mental madness.

Nature itself is now in a state of perturbation and the very “End of Times” is coming for mankind, which is the manifestation on the physical plane of the earth of the Universal Law of Sacrifice or the Law of Blood, which is both the bearer of Life and the symbol of Death. What will each one choose for himself or herself personally? This choice must be made **NOW**, or rather **NOW**, because the tomorrow, which you all look forward to, does not exist for many of us. Now is the “time to sow and scatter stones” which has passed, and now is the “time to gather the harvest and the stones scattered by every man”.

The Knowledge of the Great Truth which my Teachers and I are striving to impart to you will make you capable of overcoming on the Days of Transformation the Space and Time and uniting with the Highest Cosmic Consciousness, becoming its active associates, conductors of Light and reformers of Darkness. Everything received, written down and transmitted by me, Oris, is not given to you for nothing and for no reason. What has been written down and transmitted by me is an effective part of the immutable and unalterable Law expressing the evolutionary process of all that has manifested and all that is yet to manifest.

May your Spirit help you to receive the help of your God!

FIRST APPEAL OF THE DEMIURGE OF THE WORLD ON THE EVE OF THE UNIVERSAL TRANSFIGURATION AND THE SPIRITUAL CLEANSING OF THE EARTH

(Received by Oris 28-30.11.1997)

My people of my earth! I, the Demiurge of the World, Creator of Genesis, Creator, Preserver and Destroyer of Worlds, say to you, people of my Earth: "Here comes your long-awaited turn! The justice of the Highest is infinite, but it is commensurate with the freedom of development of the World. All development has a rhythm, vibration and tension of its periods, these are cycles, epochs, times and events in the development of the World and everything existing in it. And so that at the turn of Cycles and epochs the movement of life processes of the World does not come to a standstill, I, the World Demiurge, present My Incarnation to people of my Earth.

The 26.000 year Earth Cycle is coming to an end and thus the time has come when I shall again reveal My Human Incarnation, the new Christ, who will bring the message of the Creator, mobilizing humanity for the End of Days, when through the synthesis of the three lower bodies of man into one universal body and through the union of Consciousness with Me, a new transformation or Evolution of man will take place. After this he will attain true perfection, for he will become indestructible, invulnerable and truly immortal. He will have the absolute freedom to perfect My Creation, which means for him the freedom to choose Life in those levels and Spheres of Beingness of My Universe which will attract him with the possibility of new achievements.

In unity survive! My true Universal Church is one and indivisible. You, My Children, are the multiplicity of her Unity, in which I come alive in Time and Space. If you are united, if you live in brotherhood and are animated by the common ideal of Justice, Goodness and Love, the impossible will become possible. Let Spiritual Love always be above all notions. Appreciate and encourage Humility, Understanding and may selfishness never prevail and everything that can at this crucial moment disturb the Harmony that binds the bonds of brotherly Love.

Help one another in times of need and hardship, giving whatever you can, for every spiritual impulse of your soul will be appreciated by Me already in this age. Let those who accept always feel the need to give thanks to the Creator and respond in humbleness, tenderness and love to every generosity of their

About the author

During his creative life Oris has written about 100 books on spiritual-philosophical and esoteric topics, as well as on the mental and spiritual relationship between the human energy-structure and the energy-structure of the universe.

A large part of Oris's life is devoted to spiritual creativity through writing books on cosmological subjects. In them the author uncovers such matters, which no one has ever touched so deeply and in such detail before. As early as 1996 Oris managed to find his Spiritual Mission, which he is tirelessly pursuing to the present day.

Oris was born on 25 January 1954 in small Ukrainian village of Maryinka in the Donetsk region in the family of a miner and a nurse.

From an early age (at the age of three) Oris developed an intuitive gift for writing poetry. Oris read out his first poem «Zhen-shen» at the age of 3 to his mother, who wrote it down, because he couldn't write yet.

He also possessed medial abilities from an early age: he could spontaneously «see» dynamic pictures of events and episodes from other people's personal lives, the authenticity of which was often later proven.

As a preschooler, Oris would periodically warn the children of impending contingencies when they were up to some mischief, and at school he knew who would be called to the blackboard and warned his classmates about it. He also knew in advance which boys and girls would be sympathetic to one another and which not.

Oris's first poems, from the age of 6, were published in the Maryinsky district

newspaper. In addition, Oris was good at drawing: 14 portraits of Ukrainian and Russian writers, which he painted in the 3rd grade, decorated the walls of the school corridor.

In 1971, Oris graduated from the 10th grade, worked as an instructor of physical education in Maryinsky Raypotrebsoyuz, and in 1973 he entered the Faculty of Agronomy of the Crimean Agricultural Institute, graduating in 1978. After 4 years of professional activity on the South Coast of Crimea (Yalta), he became the director of sports and recreation base (village of Ponizovka), belonging to two Moscow research and production associations - «Measuring Equipment» and «Energy», serving the space industry. He resigned in 1990 to pursue his literary career.

As a teenager, Oris became very interested in martial arts: karate (Kyokushinkai), kung fu (dim mak - «the art of the poisonous hand», Wing Chun, Zui Quan), judo, sambo and others. Later, in 1975 he achieved a black belt in martial arts and in 1979 in Yalta at the Ministry of Internal Affairs he opened a martial arts section and hand-to-hand fighting.

From this period (1975), while still a student at the Institute, he worked for 15 years on writing several books series about martial arts. Three volume textbook on karate and Dim-Mak Art titled «Karate Way - from Student to Master» was colourfully designed and published in Moscow in 1992. During these years a separate book «Dim Mak - the art of poisonous hand» was published in Moscow. A second cycle consisting of more than 20 books under the general title «Initiation or the Path of a warrior» was written during this period, but it was not published in the USSR because the author had no higher physical education. For this reason in 1982 Oris entered Simferopol State University, but in the 4th year he left the University for family reasons (due to the birth of his son Yaroslav in 1983) and because of perestroika.

During his work on the book cycle 'Initiation or the Path of a Warrior', Oris (in a state of deep meditation) first inadvertently came into Contact with his Spiritual Teachers, after which he regularly received the information that formed the basis of the most unique book series 'Life between Live's and all the books subsequently written by him.

Then begins a more intense Spiritual Path for Oris, marked by a turning point in his life due to the urgent need arising in his Consciousness to find Himself and his Spiritual role in life.

He went as a hermit to a cave in 1996 from which he had no plans to return. There, in the cave, deep Spiritual revelations came to him, as well as information about his past (parallel) lives. Some of these inner experiences Oris described in poems, which have been published in a separate collection. On the basis of the contacts with his Spiritual Teachers during this period (after 40 days of taking only water), having learned his Purpose in life, he returns home with a renewed Self-consciousness, after which a new Spiritual phase begins in his life: within four years he writes more than 40 books, which are combined into several cycles with the following

titles: «Life Between Lives», «The Art of Dying» and «Extraterrestrial Contacts».

After 2000 he began to write texts to the melodies of Soviet hit songs, in which he expressed the whole quintessence of his spiritual conclusions and thoughts, emphasizing the role of Love, Kindness, Mercy and all Human qualities and feelings, which people so often forget in their everyday life.

Also after 4 consecutive Spiritual Initiations (from 1996 to 2000) Oris gets access to more true and authentic information about the structure of the Universe and the role of human in it, which he reveals in the book series called «lissiidi», «The Great Message», «Immortality is available to everyone» and «lissiidiology Fundamentals». These book series are written as the quality of information that Oris received becomes more and more complex because it comes from deeper and deeper levels of the collective Subconsciousness. These more profound and insightful conceptions form basis of his own Self-Consciousness and he begins to find answers to complex cosmological questions that until then were expected to remain unanswered for people for many decades to come.

A more detailed and complete list of all books written by Oris is set out below. They are presented in chronological order as books were written.

A collection of poems «40 days of Hermitage»

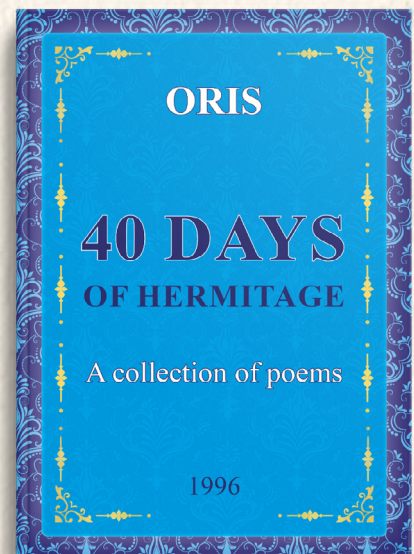

Yalta, 1996

Pages: 47

All poems in this book were written by Oris in 1996 in the Ai-Petri mountains, when he voluntarily took a vow of silence and lived for 40 days in a mountain forest, in a small space dug with a tin can between two rocks supporting each other, completely refusing food and any communication with people.

His inner reason for going to the mountains was the pressing, unyielding need in his Soul to try to cognize the Meaning of his present existence as deeply as possible and, if possible, to try to find the Essence of his own Spiritual Destination by conducting an inner dialog with his «Higher Self» and seeking opportunities to understand himself...

This book also contains an audio recording of these poems, which Oris recorded onto a tape recorder during this act of hermitage.

Thought and Meditation

Yalta, 1997

Pages:

Thoughts, unlike objects, do not belong to you: they come from somewhere else all the time, stay and interact with your Consciousness for a while, and then imperceptibly disappear to somewhere. Your thinking is the process of continuously synthesizing in your reality newer and newer Forms from the already known to you mental and sensual experience. Therefore for you the thinking process represents the «beginning» and the «end» of absolutely all of your desires - from getting some material benefits to achieving «higher» (according to your concepts) spiritual goals.

By mastering the art of mental transformations, you will have an absolutely real means of consciously controlling the material conditions of your earthly existence. By improving in this direction, your mentality can reach the point where it becomes possible to control the powerful factors of the natural elements of Nature, influencing not only the weather, but also such destructive phenomena as tornadoes, tornadoes, earthquakes, tsunamis with the power of your Mind...

Book series «Life between Lives»

Yalta, 1997-1998

What Oris writes about in this book series is the most detailed description ever written by human about the entire sequence of events undergone by the Consciousness of a dead person when he returns to his Heavenly Home, which has so many «abodes» that it is impossible for an ordinary person to even imagine.

Oris, using his many years of individual experience of astral travel, describes in detail the Astral and Mental realities he has explored, transforming the Incomprehensibly-Cognizable Existence into Knowledge that is comprehensible to almost every person, which leads readers to a gradual realization of the immutable Truth of their infinite Cosmic Existence.

Book 1. «Life without death» («The spirit of death»)

Yalta, 1997

 **Pages:**

 Who are you? How and why did you come to this cruel and alien world? Where will you go and how will you live after your loved ones have said good-buy to you on this earth? And will you really exist after that? These are constant questions. But they have answers. The secret of life and death irresistibly draws man to the realization of what he has long known, but what has remained a mystery and unknown.

If you need answers to these eternal questions, if you can no longer live without understanding them, then this source of knowledge is for you.

Book 2. «Soul and the Cosmos»

Yalta, 1997

 Pages:

 When confronted with the constant choice between Good and Evil, man is lost and does not always think about whom exactly with his every choice and action he serves: God or Satan? To help the reader to choose, the author tells in details about Egregors - astral entities, adapted to living in both as in positive so and in negative poles of Existense, which are mainly determined by the nature of Egregor itself.

 The author helps to understand all the subtleties of this topic, showing using examples the activity of «devil's Egregors», explains to what can lead the spiritual ignorance and thoughtless worship of material symbols, which all lower the human consciousness to the level of sorcerers, magicians and so-called non-humans.

How can we cleanse ourselves from the astral dirt of our own ignorance, which degrades our spiritual Essence and puts us on the same level as wild animals? How can we in Life take care of favorable conditions of our postmortem existence? This and much more is discussed by Oris in his second book «Soul and the Cosmos».

Book 3. «Soul in other Worlds»

Yalta, 1997

Pages:

Always when people speak of «other cosmic thinking civilizations» they usually mean either the intelligent populations of other planets, the so-called «brothers in mind» or something very abstract and vague. But for some reason no one ever thought that these very «thinking civilizations» could be OURSELF, but only OURSELF located at other levels of OUR development, in other conditions of Existence, in the past or future space-time structure, in other circles of OUR human civilization's time field.

All so-called «other worlds» should not be perceived as something alien and unknown. There is no dividing barrier between «this World» and the many «other Worlds». On the contrary, all that exists is one single Divine Being.

You will learn about this and much more from the third book «Soul in other Worlds».

 This book may seem unbelievable and dreamy to the reader, but those who have ears to hear will find confirmation of their thoughts and hopes and proof that we are not the only people in the cosmos.

The time has come to meet those who have been invisibly present around us for millions of years, sending signals of their invisible existence. May each of you perceive this book the way he or she feels! For some, it may be perceived as a fairy tale, and for others, as information for reflection or as a guide. In this way, the main goal of this book will be achieved, because you will know the Truth, and what to do with that Truth is everyone's personal choice.

This book represents the least amount of information about the author's many Contacts with other cosmic civilizations and the information that has been received from Those whom the author calls The Universal Teachers.

Book 5. «The technique of Astro-Travel. Chakrams»

Yalta, 1998

Pages:

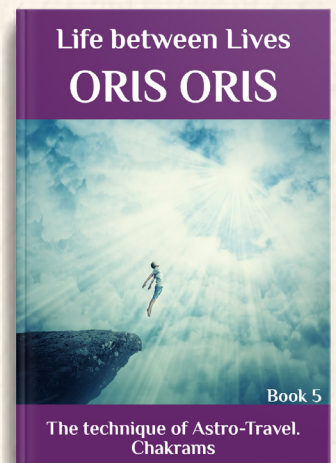

In this book the author continues his exploration of the world around us and tries to unravel one of the most unexplored mysteries of nature – the human. After all, only by knowing ourselves we can come closer to knowing God and His Mysteries.

Who are you and what are you doing on this planet? What is the point of your being here? Where will you go after people say about you, «He's dead...»? And in general, will there be anything left after Death other than the memory of you? All these questions will be answered through the author of this book by his Teacher, who has undertaken the mission to give a thorough introduction to the mankind on Earth to the problem of so called «post-death existence» of a human.

Book 7. «Soul in the Zodiac»

Yalta, 1998

Pages:

In this book the author tells us that the entire world around us is a single system, and the parts of which are in very close relationships and interconnections, and that the entire Universe is subject to unified rhythms and unified cycles. Some of these cycles began at the creation of the Worlds and determine the Evolution of the Universe as a whole. Others determine the course of geological processes that change the face of our planet and, in turn, also affect the development of all mankind, the emergence and collapse of terrestrial civilizations.

The nature of all these influences, both global and individual rhythms, on the objects of the World is determined by the laws of the Zodiac, whose symbolism is much deeper than many novice astrologers think. In addition, in each cycle we can distinguish twelve basic and twelve current phases or micro-cycles, the characteristics of which are also associated with the passage of the Soul along different qualities and with the zodiac symbolism.

This book, as well as all the other books by Oris, is intended for those readers who seriously, deeply and with a sincere desire want to understand on their own everything that relates to the problems of Life and Death, who see in their impending Death not the most terrible and dangerous enemy, but on the contrary, a reliable adviser and a friend.

With Oris's books, Death is transformed from a frightening adversary, from an unfortunate failure or fatal mistake in the Universe into one more, another Transfiguration, to which we have already been subjected more than once.

Book 8. «The art of dying»

This book consists of 5 parts.

Pages:

The author has tried to give the most detailed answers to specific questions through his many years of experience of independent out-of-body explorations of the Ethereal World: how to die correctly? How to learn to accept your death in time? How the transformation of subtle bodies takes place during the post-mortem transition?

This book, describing in the most detailed way the changing state of a person's Consciousness during the process called «dying» and his Soul's presence in various

vibrations of the energies of the Astral, is also a kind of manual of religious therapy and eschatological psychosurgery, carried out through the most detailed texts of “Instructions” read by relatives for the dying ones or an already dead person in order to strengthen and awaken his Consciousness before the Transition to the Other World.

Among other things, this book can safely be classified as one of the most detailed travel guides to the many realms and spheres of the Ethereal World, which we commonly refer to as the «afterlife».

forgetting that in the next moment they may not have that «later» at all. How many lost opportunities for the most simple manifestation of Kindness and Love towards each other have never been realized, and how many unspoken beautiful words have fallen into nothing!

Fear of Death is the individual's fear of losing himself, the fear of the need for further evolution. Man is most afraid of the unknown, but it is the unknown that makes a man to conquer his fear again and again. Many people are totally unaware of the infinite variety of levels of Consciousness in their own nature and whatever the author of this book may say to them about it, it will still not help them to understand it.

But there is still a small, even a tiny one-thousandth part of humanity which is the reason why all this knowledge about the true picture of Existence after Death is given. For the Transfiguration of this small part of mankind a small group of Star-Born Ones have specially incarnated and agreed to become conductors between the awakening Consciousnesses of the Earth and the Consciousnesses of the spiritual Teachers from Sirius and Pleiades. To each thousandth of the incarnate Earth's humanity Oris addresses in his books.

«Extraterrestrial Contacts»

In today's world there is a lot of information about UFOs, about the meetings of individuals and even whole governments with aliens, as well as materials of telepathic Contacts with representatives of various extraterrestrial civilizations, etc. Unfortunately this information, while passing through different dimensions to us, in our three-dimensional world, is often subject to very strong distortions and is very often misunderstood by us due to the specifics of our three-dimensional way of thinking.

Offered to you materials of Oris's Contacts with the commanders and crew members of the Sirius-A and Sirius-B starships, as well as with other extraterrestrial Consciousnesses and Civilizations, including the Consciousness of Christ, Lord Maitreya, God of the Sun (the Logos of our Solar System), Elohim (the Creators of our Universe), and the four Archangels (Michael, Uriil, Gabriel and Metatron), are unique because they are literally received «first-hand» and contain very valuable information, useful for all humanity, which lives on the eve of the Transfiguration of the Earth.

The Pleadians and Siriusians, who are the true spiritual Teachers of Earth's humanity, are happy to share with us the knowledge without which we earthlings cannot emerge from the endless series of earthly incarnations and join as equals the extraterrestrial civilizations that are part of the «Commonwealth of the Light Ring» on the expanses of Cosmic and Galactic Creativity.

About this and much more you can learn from this book series called «Extraterrestrial Contacts».

Book 1. «Teachers from Pleiades report»

Yalta, 1998

Pages:

Such concepts as «Cosmos», «Higher Intelligence», «UFOs», «aliens», etc. have now firmly established in our Consciousness, and we can no longer imagine ourselves, our planet and our entire existence in isolation from the rest of the universe, from the hope of a promising direct contact with brothers in Mind.

Who are they, our teachers, what do they teach, what do they look like, and what do they want from us? In this book you will find answers to these and many other questions.

In this book, the Pleiadians and Siriusians, who are the true spiritual Teachers of mankind, gladly share their knowledge with us, without which we, the earthlings, would not be able in the very short time that remains before the Transfiguration to come out of the many thousands of years of hibernation and to make the necessary number of timeless passages in the impermeable thickness of the Collective Consciousness, necessary for the so called «shift of the paradigm».

Book 3. «The crew of the Starship Sirius-B reports»

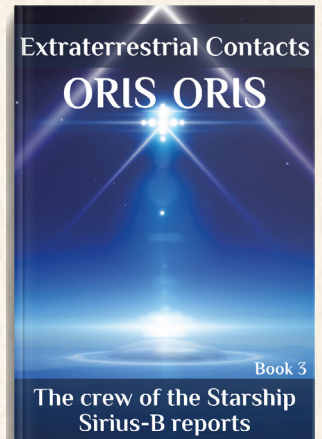

Yalta, 1998

Pages:

The next ten to fifteen years are predicted by extraterrestrials to be very informative and interesting for humanity. We will see how our so-called «unshakable reality» will begin to be rapidly turned upside down before our very eyes. Already the world does not seem as solid and unbreakable as it once did. And very soon we will all be witnesses and direct participants in a worldwide spectacle of Chaos and Confusion. The foundations of all our cultural, religious, philosophical, and scientific Paradigms, which have served us so far invariably as an image of the «real» World, in a matter of years, will crack and begin to crumble before our very eyes.

The reality of the New Age is within us, and main changes that we have to make must affect primarily our inner content, which, by freeing the Divine Light of our Souls from the millennia-old oppression of the Matter, will turn the mustiness and decay of our earthly cities into the unearthly glow of Beauty, which overflows the Cities of Light of the new, transfigured Earth.

Book 4. «The Teachers of the humanity report»

Yalta, 1998

Pages:

Throughout all the history the humanity has been narrowing its perception of the Worlds from multidimensional, which includes all the subtle-material Spheres of the Astral, to three-dimensional, rough-material Level, thus not only limiting itself in the better understading of the world around, but also completely destroying the possibility of free contact with the Consciousnesses of hundreds of thousands of other space civilizations, who actively create and work in the Cosmos.

Representatives of many of these Intelligent Civilizations have practically never left our planet, while other Higher Entities have been incarnated among people only for several millennia.

They have voluntarily shared and continue to share with us all the burdens of earthly incarnations and the very heavy human Karma, only to help with their Knowledge of the Truth and their personal experience, so that the people of Earth could more rapidly climb the steep steps of the Evolution Stairs.

Book 5. «Extraterrestrials»

Yalta, 1998

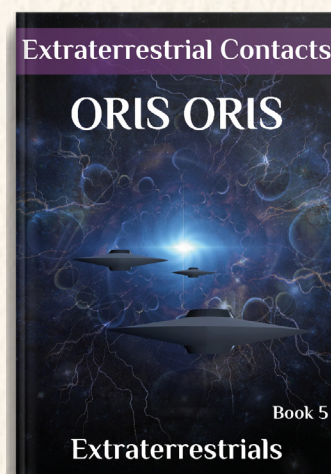

Pages:

They, the extraterrestrials, are working on our planet neither to conquer nor to enslave it, but with one single goal in mind: to slow down our rapid fall into the abyss of self-destruction, trying to bring to our Consciousnesses the moral, spiritual, social and scientific values accepted in the civilized Cosmos.

Those few people who are able to perceive their Word of Truth do everything possible, even impossible, to bring it to the half-asleep Consciousnesses of the rest of mankind.

Many «extraterrestrials» from Pleiades, Sirius, Andromeda and other civilizations of the «Light Ring» have been living among us for thousands of years, voluntarily giving up being in the Worlds of higher dimensions, just so that we, people of Earth, did not remain completely cut off from the Source, from Which all of us have come out, and to illuminate with the Knowledge of Truth the Path of spiritual ascent for Consciousnesses who no longer wish to

abide in the sleep of illusion and the darkness of ignorance. The Books of Oris are an example of this Service.

Book 6. «On the eve of Armageddon»

Yalta, August 1998

Pages:

This book, in its uniqueness and value of the information it contains, is on par with the other Oris's books, continuing the subject of Contacts with Representatives of Worlds of Higher Levels of Existence.

Does The Christ Himself communicate with many people on the eve of the so-called «Last Judgment» transmitting specific recommendations? Has the Mother of God appeared to many to show them the way to salvation through Her Word in these terrible days of the approaching disasters and cataclysms? You just stop for a minute and delve into the rank of Those Who appeal to you – the Christ and the Queen of Heaven!

To ignore this information would be to close one's eyes, on the edge of the precipice, at the risk of being crushed to death. Is that what you want? Then read carefully, absorb and, opening the eyes of your Heart, draw your own conclusions.

CONTENTS:

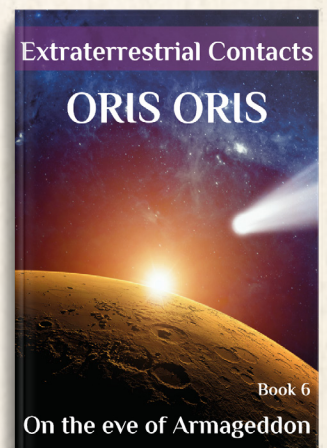

On the Eve of Armageddon

Second Message of Christ, Lord Maitreya

Commandments of Christ

The Word of the Queen of Heaven to the Adam's family

Oris's answers to the questions of the Swiss group of Star-Born

Book 7. «The beginning of Armageddon»

Yalta, September 1998

Pages:

The beginning of the Age of Aquarius. Nostradamus wrote: «I see a reborn and renewed Christ coming. And then there will come a long peace, unity and harmony among the generations of several races».

The process of division of people depending on the quality of their Consciousness has already begun rapidly around the world. It will soon lead to the final separation of mankind not by national, religious or party affiliation, but by the quality of their spiritual vibrations. People had more than enough time to change their lives for the better. But now there is no time even for a reflection.

Very soon there will be the first cataclysm of an unprecedented force, which will not only change the circumference of the Earth, but will also shift its magnetic poles. The Earth's axis, which is already in an unbalanced state, will change

and all this will cause continuous, endless cataclysms. Earthquakes and floods will become a common thing, and long and extensive fires will engulf the entire planet.

Today we are no longer «slipping into the abyss» or «standing on its edge», as economists and politicians reassure us; we are already flying into the abyss with great acceleration, and no one gave us wings to wave and soar upward to avoid death, or rather, God in fact did, but we have all forgotten about them.

Holy Mother of God, save us! - This is what the prayer to the Blessed Virgin asks for. But the same people disbelieve and slander, avoid and remain indifferent when the Living Virgin herself speaks to them and tells them about the ways of their salvation. «Hypocrites», says the Queen of Heaven to them, «get to know what Heaven looks like, and why do you not know the signs of the times? Prepare yourselves, people, as truly the day and hour of the Judgment of this world has already come».

In August Our Lady transmitted the first part of Her «WORD» through Oris, and on January 13 and 19, 1999, through the same channel She transmitted the next two parts and commanded to compose from Her «Word» a supranational «Gospel of Transfiguration», which was published as a separate book «The Gospel of Transfiguration by the Mother of God» (see below).

«Muladhara chakra (Argllaamuni-lissiidi)»

Yalta, 2000

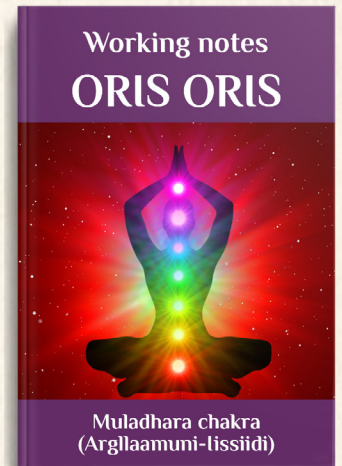

Pages:

Functionally, the Argllaamuni-center (Muladhara) is closely connected with the psychological abilities of the physical body, which provide survival of the physical body and protection of a person from unfavorable external influences. A big role in the activation of the whole immune system belongs to this lower center. Its normal functioning gives a sense of physical health, well-being, self-confidence and stability.

Imbalance and all kinds of muladhara «breakdowns» in the Aura, lead to the constant outflow of these energies and can cause a feel of insecurity, deep depression, lack of willpower, a sharp decline and energy loss, increased soreness in the lower and middle parts of the body, despondency and melancholy. This is particularly typical for those, who have not yet opened the karmic channels of the heart center or if karmic channels of the heart center are very weakly activated, which in order to switch the person to completely higher, spiritual levels of feeling and thinking. In such cases a person loses the purpose of his Life, as if he loses his roots and, purely intuitively, following the consciousnesses of the organs and body systems, completely surrenders himself to the satisfaction of his own lower desires in order to replenish the energies of the Argllaamuni center.

«Svadhithana chakra (Inglimilissa-lissiidi)»

Yalta, 2000

Pages:

The weaknesses of our sex education have led to the fact that most people, even if they feel a deep sensual attraction, instead of beginning a heartfelt spiritual exploration of each other in the process of intimate interaction and accumulation of sexual energy, instead, close their heart centers and turn the unique opportunity of highly sensual admiration into a trivial sexual act.

Unfortunately, the creators of the lower-astral and dense-material types of Reality benefit greatly from the fact that the prevailing majority of people completely incorrectly and perversely understand the very essence of SEXUAL INTERACTION. Sexual interaction in fact is a spiritual intimate process which, if properly understood, contributes to a stronger contact between a person and his inner Essence and contributes to a more highly-sensual and deeply soulful manifestation of the person.

Love is the real Symbol of the Age of Transfiguration that is coming on Earth! And the mysterious «sacred key» to the Gate of Spiritual Transformation is not somewhere in the cosmic infinity and unfathomable unknown, beyond our psychic capabilities, but in fact is located quite «nearby», or rather, in our own heart center AIGLILLIA, which is filled with the highest vibrations of Love literally towards every manifested aspect of the Life around us, including the strongest of all – the sexual one.

Book series «ISSIIDL»

This series of books, from the first to the last pages, includes the most unique in meaning and the most important information, accepted by Oris after the year 2000 during his next direct Contacts with the Creators of Humanity: Algellis (Argllaamuni and Inglmilissa iissiidi centers), lillgmmii-I, (Aigllilliaa and Orlaaktor iissiidi) Lua-Andis (Ulgluu and Ssaassfati iissiidi), Greyli-Vin (Olgoolloni and Aani lissiidi), Slliargsmiii (Raaklima and Uluuguma lissiidi), Sslaaiingsa (Svaagali and Eyyaaa lissiidi) and Ssniillgsa. These Cosmic Entities represent personal Interpretations of Oris at the levels of the collective Subconsciousness, Supraconsciousness, Ultraconsciousness, Superconsciousness, Hyperconsciousness, Proconsciousness and Protoconsciousness. The detailed Knowledge of such a high Buddhist level, for many evolutionary reasons, has never before was accessible to humans or even the spiritual Initiates of the 3-4 Planetary Initiations.

Only because of the spiritual transformations which have intensively begun on Earth and because of the preparation of the collective Consciousness of mankind for the act of Transfiguration this Knowledge is now being transmitted to those of earthmen who are ALREADY spiritually mature for its proper understanding and comprehension and who are eager to use it to continue their further Path of mastering and accumulating the entire experience of incarnated earthly existence as swiftly and as effectively as possible.

In none of the astral or written sources on our planet there is even a mention or a distant analogy of this Teaching, because the degree of admission to it requires from the spiritual seeker an active self-discovery and prolonged experience of conscious existence at the causal-buddhich level, as well as an experience of being outside the physical shell for long time.

Oris deliberately integrated all the Knowledge he received - the «Teaching about chakram personalities» - only onto the highest ajna-vishuddha levels of the collective Consciousness of the planet, because further adaptation of these highly spiritual codes to the generally accessible understanding would lead to a significant decrease in their degree of authenticity. Therefore this information can be productively assimilated only by people with actively developed over diaphragmatic psychic centers. For them and ONLY FOR THEM the Spiritual Teachers from Pleiades transmit this newest spiritual Teaching.

«The Great Message»

In 2006 two volumes of Oris's books were published, reflecting the results of his further Contacts with the Teachers of Humanity, which represent the highest personal Interpretations of his Ultraconsciousness and Superconsciousness, under the general title «The Great Message». Its contents marked the beginning of the creative stage of work with information of a principally new, more qualitative level.

As a result of numerous answers to reader's questions on the materials of these volumes a new series of books «Immortality is accessible to everyone» was published as part of the Issiidiological Knowledge - the newest spiritual-cosmological conceptions about the Universe and the human being.

From 2001 to 2022 Oris has written over 1600 song lyrics to popular tunes of the 20th and 21st centuries. The first 555 songs were combined in two collections called «My Testament». The lyrics of all subsequent songs are published on the Ayfaar Songs website ayfaarpesni.org.

These songs tune to a positive perception of life circumstances, an altruistic way of life and unconditional love for everything, as well as a deep understanding of the fact that everything that happens to a person as a good thing.

LISSIIDIOLGY

Volume 9. Glossary of terms

Moscow, 2010

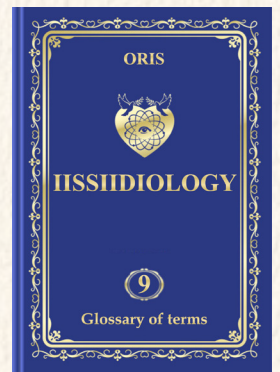

Pages: 725

IISSIIDIOLOGY terminology has its own individual specificity of spelling.

Also, each of the terms includes a much deeper meaning than might seem at first glance, because it is rooted in more qualitative levels of this Knowledge, which, without sufficiently developed extrasensory abilities, is not yet available for access to the current creative dynamics of the Self-Consciousness of an average person.

This publication contains only short vocabulary articles to facilitate the process of understanding the material, at least at the most elementary level. More detailed information on each of the terms can be found in other lissidiology books.

Some terms are very difficult to describe and have absolutely no analogues in the habitual human associative perception, so it is an extremely difficult task for the Author to formulate a dictionary article within the limits of an ordinary person's comprehension.

Volume 10. Immortality is accessible to everyone. «Fundamental Principles of Immortality»

In this book, Oris continues to give full answers to inmost and fundamental questions of cosmic and human existence: about Earth and universal destinies, the nature of life and death, Soul and God, good and evil, about our relations with one another, the nature of Space-Time and how the entire visible and invisible-to-us reality is formed. The Universal Knowledge given by Oris offers the fundamentals of a new and unique world view for all of us. It allows us to penetrate the mystery of eternal existence to an extent inaccessible before, reasonably and substantially solving the problems therein, offering convincing answers which are not available in any religious world view, philosophical movement or scientific theory. Oris's Information expands the limits of human experience and perception literally to infinity!

«Energy and biological mechanisms of refocusing of Self-Consciousness»

Moscow, 2010

Pages: 691

In the first Chapter of Volume, Oris describes in detail functioning of Formo-Creators of the brain, how the memory is accessed, how biological structures of the brain are associated with energy-informational structures of Self-Consciousness, how various Self-Consciousness Levels are differentiated and reprojected at the moment of so-called «Death». This Chapter also describes functioning of «the intestinal brain», how it becomes possible to cure at a distance (the technique of ethereal projection), gives the meaning of the esoteric term the «Astral Plane» from the point of view of lissidiology.

The second Chapter tells us that biological Forms can exist in different Continuums and explains the interrelationship between our lifespan and quality of active Levels of our Self-Consciousness. It also provides information on the following subjects: it is possible to «live one's Life many times» in higher-quality scenarios, cycles of changing male and female manifestations within the structure of a multi-dimensional human Form, physical principles of organization of higher-frequency levels of the Universal Reality with a detailed description of the nature of boson and fermion fields, and types of particles that are carriers of such interaction.

Volume 12 is devoted to the diversity of the Self-consciousness manifestation forms in the infinite variety of the Form-Systems of the Worlds. Tell me, what do you know about the universal properties of Space and Time? About the illusory nature of our existence? About the Essence of «development» of each «personality»? It's not easy to answer any of these age-old questions.

But Oris, with all possible detail and thoroughly, goes on to answer not only these, but many other equally urgent and vital questions that trouble us and compel every seeker to learn, to give up something, and to gain something...

In the 13th volume of the commentaries, Oris answers the vital questions of mental and physical health, medicine, psychology, psychiatry, genetics, somnology, pharmacology, and reveals the psychogenetic features of the manifestation of the «human» Form.

Our biological Existence is a continuous process - when we feel, think and experience something, we immediately become part of those groups of the Worlds, Realities and Continuums whose synthetic dynamics correspond exactly to the quality of these infinite processes.

Volume 15. Immortality is accessible to everyone. **«The Conscious Path to Human Worlds of «personal» Immortality»**

Moscow, 2012

Pages: 648

«The Conscious Path to the Human Worlds of «personal» Immortality» - this is the name of the new volume from ORIS book cycle «Immortality is accessible to everyone». At first glance, this may seem like an invitation to a philosophical contemplation. But by appealing to his devoted readers, the author hopes for the consideration and perception of this issue in a broader or, if you like, deeper understanding. Philosophical concepts offer to us only sensory-contemplative,

mostly associative images regarding a particular issue. The author, however, presents in this work, as a logical continuation of previous volumes, a detailed consideration of the practical prospects for the development of a personality into a true Human, who explores his own spirituality.

In addition to the mechanisms of working with own Self-Consciousness, which will lead people as Humans to «personal» conscious Immortality, ORIS describes the «Worlds of our Future», the prospects for the manifestation of the coming times. And in order for everyone to develop an understanding of their own Path, a comprehension of the choice of their spiritual development, the author not only describes «bright» prospects, but also specifies in detail the obstacles that each of us may face and, by not noticing or not determining the nature of which, to unconsciously, under the influence of particular reasons, deviate from the development in the Human direction.

With the help of this book, you will be able to determine the qualities that are truly inherent in people, and you can finally figure out how to form in yourself these qualities that are truly Human - with a capital letter. Having experienced what a highly sensual Intellect is, you will then understand why only with the help of highly intellectual Altruism you can find the Path to the cherished Goal of your spiritual future!

CONTENTS:

- SECTION XIX. Obstacles on the path of realization of «individual» Immortality
- SECTION XX. The Specific States of uoldmiism (high-sensual Intellect) and stollmiism (High-Intellectual Altruism) synthesized in the Human (lluuvvumic) development Direction
- SECTION XXI. Specificities of lluuvvumic transformation of human features
- SECTION XXII. Our «future» Worlds. Perspectives of the approaching times

Volume 1. lissidiology Fundamentals.

«Interaction of Information and Energy as the Primary Cause for origination of the Creative Activity of Self-Consciousness Focus and the Macrocosmos in whole»

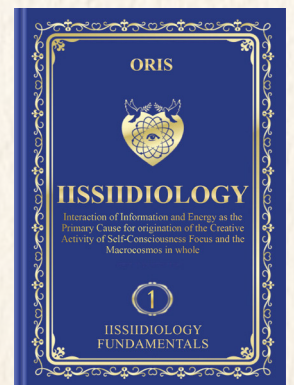

Moscow 2013

Pages: 312

This book presents the beginning of an overall 20-volume information series titled «The Great Message», which consists of «IIS-SIIDIOLOGY. Fundamentals», «Commentaries to Fundamentals» and author's Song lyrics with a highly-spiritual content written to popular and all-loved melodies.

From the very beginning, the author pinpoints the reader's atten-

tion upon fundamental notions of IISSIIDIOLOGY starting from basic, axiomatic Conceptions. The book contains the newest interpretation of formation of the outer reality based on the Self-Consciousness's Focus Dynamics as the main functional mechanism of the Macrocosmos's Creative Activity. A detailed comparison of the author's hypotheses with existing scientific conceptions allows to draw parallels with the current worldviews about nature, space, time, energy and to find the ways for their radical transformation and potential development.

In this volume, the author introduces the conceptual foundation necessary for an adequate understanding of all other IISSIIDIOLOGY books of this series. Hierarchy of Self-Consciousness Levels, dimensional differentiation of manifestation Forms, classification of elementary (and other) particles as structural components of the Universal Plasmic-Differentiation Emission, information theory of the formation of Energy in the Macrocosmos are described in order to form necessary notions that will serve as the basis for further more complex iissiidiological Categories: Universal Cosmic Laws and their Principles, Diapasons of Plasmic Forces, Evolutional and Involutional Branches of development, and many others. The first volume of Fundamentals is the required minimum for any reader who wants to thoroughly study iissiidiological conceptions.

Volume 2. iissiidiology Fundamentals.

«Cosmic Qualities as the Basis for energy-informational manifestation of all the Form-systems of Macrocosmos»

Moscow, 2013

Pages: 662

Many scientists may consider this volume of «Fundamentals of IISSIIDIOLOGY», as well as all the other books of this twenty-volume series titled «The Great Message», no more than «science fiction» — each of us has the right to believe in what is the most convincing. However, every intelligent person who possesses at least

the rudiments of cognitive intuition can discover in this information those more Qualitative characteristics of the objective truth, thanks to which continuous eglleroliftive Amplification of all Self-Consciousnesses Forms is carried out.

Catastrophism periodically appearing in the process of human self-cognition is always accompanied by the radical breaking of many old Conceptions, which by its radicalism surpasses greatly all theoretical forecasts. Fanatical belief in dogmas and postulates established once, as well as the clear tendency for idolatry — these are obvious characteristics of degradation and regression that converge modern academic science with paganish religion. Yet, the eglleroliftive Amplification process and harmonious evolution both of a separate personality and human population in general is impossible without breaking down old stereotypes and establishing — on the basis of deep cognition of Wisdom of previous and future generations — much more universal conceptions about ourselves and our surrounding reality.

This uneasy, but grandiose on its depth and scale Task of prompt and Qualitative transformation of human community is assigned by the Evolution Itself to the universal knowledge of IISSIIDIOLOGY, absolutely new to people, which is received for the first time and entirely by one person only by means of the intuitive way of cognition. We offer you to find out more about its newest fundamental Conceptions in the second volume.

Besides, the IISSIIDIOLOGY offers to Collective Consciousness of humankind a totally new paradigm that gives new and fresh view of the multitude of clinical phenomena studied by psychotherapists. It gives a theoretical model for understanding the changes in the mentality of a patient and the hope on clarifying mechanisms of effectiveness of psychotherapeutic method.

The third volume of «ISSIIDIOLGY Fundamentals» allows readers to go deeper into yet completely unexplored by us structures that provide functioning of human Self-Consciousness and its interconnections with Self-Consciousnesses Forms focused by it. First two volumes of «ISSIIDIOLGY Fundamentals» thoroughly describe the deep Nature of Causes and Mechanisms of Creative Activity of everything manifested in multidimensional and different-Qualitative Macrocosmos, including also qualitative Basis of Focus Dynamics of Form-Creators of Universal Structures. The third volume in its turn focuses on the detailed description of basic Principles of exiberation of Human and other Self-Consciousnesses Forms in all the diversity of different-dimensional diapasons of the Tertiary Illusion.

To allow the reader to fully comprehend the essence of the notion «Self-Consciousness Form,» the author describes realization functions of these structures at the example of subjective formation — as a result of life creativity of every personality — of so called personalistic Worlds, which goes far beyond existing scientific notions about the surrounding reality and peculiarities of interaction between Forms structuring it, whether it is a human, a planet, or an elementary particle. Furthermore, he describes different-dimensional variety of Forms of Iluuvvumic Direction of development and characteristics of focal realization of Humankind Collective Cosmic Intelligence as a unified the LLUU-VVU-Entity.

This new volume of the series «lissidiology Fundamentals» is a reasonable consequence of consideration of biological mixtum NUU-VVU-Form-Types that was started in the previous volume. For our deeper understanding, it draws our attention even more at iissidiological approach to the matters, which are related discretely by contemporary scientific community to philosophic anthropology in general and to behavior theories of personality in particular.

At more objective, transcendent, gabitual (primordial, objectively deep) discussion, it becomes clear that the given material leads a reader maximally to objectivization of own conceptions about relations among personalized, unconscious, and subconscious levels of Self-Consciousness at the background of developing invizusal (imperceptible by our sensor systems and measuring devices) mechanisms of anatomy and brain neurophysiology, accompanied by dominant dynamics of

the first IISSIID-Centers pair.
